

## Every Church – A Missionary Every Missionary – A Church

*100% of this offering directly supports about 3,200 personnel.*

2020 brought unexpected surprises as Mark began having symptoms that did not go away such as dizziness, fatigue, and pain in his side. After traveling for medical care, we discovered he had a tropical disease. After medication, many of the symptoms disappeared although the pain still lingers. With the onset of COVID-19, we returned to the capitol to be near medical care.

Having only been in our home and among the people we are called to serve for a limited time in 2020, we could easily get discouraged. But we still see God demonstrating His faithfulness. As we encourage others to read their Bibles with their families for their spiritual food and as Mark trains pastors and leaders through an app on his phone in Bible study, we see that the circumstances of life do not limit God.

### PLEASE PRAY WITH US

**PRAY** that through all these various circumstances the Lord will cause growth and boldness in Zambian pastors and church leaders.

**PRAY** for every Zambian family to spend time together reading the Bible and allowing it to change them from the inside out.

*This story is from workers with ties to Kansas and Nebraska. Your praying and giving enables them to be sent to make a difference around the world for the glory of God!*
