

South Central

Soon after we returned to Poland in February 2020, we were contacted by some university students studying English. They were seeking help to prepare them for their exams in June. At first, we met in person twice a week but then online. One student, Lisa, does not believe in Christ but willingly listens to God's stories. We prayed online with her prior to her written exam.

“Thank you, I have never known anyone that would pray for me and care so much for me”, was what she shared with us. As she passed her exams, she called and thanked us for our help and our prayers. This is just one example of when everything seemed lost for ministry this Spring, that God flung doors wide open for His Words to be shared. He is not quarantined within borders or wall!

PRAY that we would have eyes to see the expansion in our ministry because of online opportunities. Ask that we would obey the leadership of the Holy Spirit in sharing Truth with our students.

PRAY for Lisa as we continue to share His love with her. Ask that she would become a believer and disciple of Jesus.
