

The Community for Christ Assistance Center began as a dream. Now 34 area churches are working together to provide help to those in need. We have a food pantry, and offer emergency assistance to those suffering hardships. Usually we have bakery items available on a first come first served basis. We are also a thrift store stocked through kind donations. Purchases made from the thrift store help fund the assistance we offer. We also receive donations from organizations and individuals. Board members are selected from each supporting church and the churches take turns supplying volunteers to staff the Center. Donations of new or lightly used clothing and shoes, along with glassware, household items, books, toys, jewelry, etc. are welcomed at the back door of the center during the hours we are open. We request that items not be left when we are closed. We would like to sincerely thank our employees, volunteers, board members and all those who donate in any way.
