Association News:

As we approach the Annual Meeting, I'm excited about the coming year. Our Nominating Committee has worked hard to place the right people in the right positions to accomplish the work that the lord has prepared for us to do.

Our camp teams are already hard at work to make the camp experience for our kids and teens, the best it can be.

The new Worship Center is in the final touch-up stage of completion.

Will you join me and the Leadership Team of TCBA in praying for the most productive year in the life of our Association in recent history?

Bro. Ray Dean
