“If you resist the devil, he will flee from you”

We as Apostolic Christians need to have a reputation in the church and in our families, Devil don't come around here; we are going to wave the blood in this house. We are going to use the name of Jesus in our home. No trash talking in this house, No pornography in this house, no filthy talk in this

house. No ugly words come out of your mouth in this house, because we love the name of Jesus in this house. If we want revival we need to take the Sword of the Spirit or the Spear in our hands and say to every demon and to every compromising spirit, not in this house, if you walk around in this house we will poke you with my spear. Not cutting deals with the devil in this home. We need to put the fear in the Devil, not let him put the fear in our hearts. Resist the Devil and he will flee from you.
