

A voice says, "Cry!" And I said, "What shall I cry?" All flesh is grass, and all its beauty is like the flower of the field. The grass withers, the flower fades when the breath of the Lord blows on it; surely the people are grass. The grass withers, the flower fades, but the word of our God will stand forever.

Isaiah 40:6-8 ESV

"The grass withers, the flowers fade  
The buildings crumble, the our bodies age  
The world seems slow and the world seems fast  
An era comes and an era comes to pass

With all this change, and when days start to mash  
There is a thing that will always last  
The Word of God! Hold fast. Hold fast!"

That was good, right? I just wrote it. I hope you liked it. Please give me feedback (this is me, asking for validation.) - Jack Duquette

God's Word will outlast the grass, the flower, our church building, our cars, our worries, and our lives. With all the crazy going on in our world we start to focus on these temporary things. This truth about scripture FROM scripture is what I am holding on to. You and I need to have our foundation built on something that is gonna last! Not sinking, shifting sand, but the solid rock that is the truth of God's Word!

Here are some reflection questions to think/pray about, this week:

1. What are you focusing on, this week? Is it your job? Family? School? Food?(<-me) COVID-19 (aka CoronaVirus, The Corona, Rona, etc.)?
2. Is your focus on something that is gonna last longer than the building you work in? Or the school you go to, or...went to? (Ouch)
3. Will you take a few minutes to reflect on the passage of scripture at the top of this page?

Thank the Lord that he works outside, inside, and around the "time" that we find ourselves in. Read this passage and remember that there are things that will fade away, but that if you remain in and memorize God's Word, you'll have something that will last forever.

Also, go read your Bible.
