The Young Adult Fellowship of our church has started a class using the materials provided by the Dave Ramsey organization to teach the participants a biblically based way to handle money in order to improve their family's financial future.

Dr. Hurst has been teaching a class on America's religious landscape. It is entitled Going Out on a Limb: Climbing the Tree of Religious Beliefs. This will be a six-week course lasting approximately 1 –1 1/2 hours each session. This class is intended to give you a **broad** understanding of worship experiences, including the Islamic faith which we will engage on the last session. **There will not be a meeting today, February 1st due to scheduling conflicts but classes will continue thereafter.**
