Date Adopted: 21 January 2006

Effective Date: 21 January 2006

POLICY

The Administrative Team is authorized to choose a project (or projects) for the annual Acts 1:8 Knapton Associational Mission Offering. This choice will be made not later than March of each year. The offering may be used for projects (without regard to geographic territory) sponsored by the association or by a CNYBA church.

It is suggested that the offering be taken by the churches in conjunction with the annual SBC Associational Missions Week in May, but will be received at any time.

Suggestions and/or requests for the offering project must be made in writing and received by the Administrative Team prior to March 1.

This policy shall supersede any previously adopted guidelines.
