

Fundamentals of the Faith Bible Study

Information and Directions

What you will need: Bible, workbook and Internet access

The plan for this study:

- ♦ We will cover one lesson per week unless we find it better to extend the study of a lesson. *See Length of the Study below.*
- ♦ Each week you will need to:
 1. Read through the lesson in the workbook and answer the questions.
 2. Review answers to workbook questions. The answers for the week's lesson will be on the website by Monday.
 3. Review added handouts for the lesson.
 4. Check questions for Lesson 1 on the website – think about the questions, comment if you wish, and review what others are saying.
 5. Ask questions about anything you are not clear about.
 6. OPTIONAL – each lesson has a downloadable audio sermon that compliments the lesson. We will not discuss the sermon, but you can listen to it if you desire.

Length of the study: There are 13 lessons in the study. The plan is to do one lesson per week. However, we may find it beneficial to add a week on to some of the lessons. We can communicate about this as we go along.

Note: Look at the box for Lesson 1 above. Over Lesson 1 are the small words *Bible Study*. You can click on this to go back to the sub-headings menu.

Privacy and Passwords: Since the church website is open to anyone, the *Introductions* and *Questions and Comments* sections are password protected. Only Bible Study participants can see the information in these sections. You will need to use a login and password to use each of these sections.

CONTACT CATHY FOR LOGINS AND PASSWORDS

Also, please use just your first name when responding to a question or making a comment.

Evaluation: At the end of the study there will be an evaluation to find out how we liked this specific Bible study and studying in this manner. BUT, please feel free to share suggestions as we go. You can use *General Questions* to do this or contact me directly.

Need Help? Please ask!

As with any group of people we will have varying Bible knowledge and computer use skills. Our goal is to learn as much as possible and in as easy a fashion as possible. So please ask for help if you need it.
