Ardo Calypso Essentials

Also available as an upgrade with tote & cooler

The Calypso Essentials breast pump is available only to registered DMEs and features independent vacuum and cycle adjustment for 64 total settings on the quietest breast pump on the market. “Vacuum Seal” technology creates a closed system – no milk in the tubes or pump. **Includes AA battery function.** Ardo’s 400-hour warranty (or one year – whichever is better for mom) assures the mother of a reliable Swiss-made breast pump that she can depend on. WHO Code Compliant.

- 64 settings
- Vacuum Seal Technology
- Power adapter and AA battery compartment
- Double Pumpset
- Bottle stands (2)
- 26mm shell size only
- 400-hour or 1-year warranty

Lansinoh Signature Pro

The Signature Pro comes with three pumping styles and eight adjustable suction levels, allowing you to select the setting that works best for you. A closed-system design reduces the number of parts cleaned and prevents bacteria and mold growth. And its compact size and quiet motor make it convenient for the mom on-the-go.

The Signature Pro features two-phase technology, beginning with a two-minute stimulation phase to assist with letdown. It automatically switches to expression phase, or you can choose to switch earlier with the touch of a button.

- Three customizable pumping styles allow you to maximize milk production and comfort
- Adjustable cycle and suction allows for ultimate customization and comfort
- Hygienically designed to guarantee that no milk backs up in tubing
- LCD screen with timer helps you keep track of time
- Compact, lightweight base is a portable 2.3 lbs.
- Compatible with any hands-free bra for multitasking
- ComfortFit™ Flanges ensure a comfortable, proper fit
- BPA free
- AC adaptor and battery pack (batteries not included)
- 1 year warranty
