

COVID-19 POLICY AGREEMENT

I am aware that my actions as a parent or legal guardian will impact the safety of others in the Victory Gymnastics Center. Victory is counting on me and all the other parents and kids to help keep us all safe by meeting the physical distancing and personal hygiene standards recommended by the CDC and the state of NY.

As a consequence of the restrictions placed on VGC by the NYS department of health and our commitment to safety, parents must agree to follow the following policies:

- Students should use the restroom and wash their hands thoroughly before leaving for the gym. Students should always wash both their hands and feet after returning home. Hand sanitizer will be provided throughout the gym and waiting areas.
- All classes are currently pickup/drop off ONLY. Pre-K (3yrs) parents who may need to help their child use the restroom will be permitted to wait inside but are limited to 1 person/child. Siblings should not be waiting inside the facility at this time.
- All adults entering VGC must wear a facemask. The children should wear one as well while entering the building, but are not required during their class.
- The lobby and entry area will no longer include seating and will have clearly marked physical distancing position indicators.
- Everyone who enters the facility will need to sign in and have their temperature checked.
- Students should NOT attend class if they have had a fever/cough in the last 24hours. Any child displaying symptoms of illness will be sent home. As always, we have a generous make-up policy.
- Students will only be permitted to enter 5 MINUTES before the start of their class. If you arrive earlier, please wait outside in one of the designated spaces until a coach signals that we have finished cleaning/disinfecting.
- There is NO PARKING/IDLING in front of the VGC, you must park in a designated parking spot.
- Coaches will be limiting spotting unless used to prevent injury.
- Coaches will be wearing face masks/shields and completely disinfecting all surfaces in between classes.
- Cubbies and water fountain will no longer be in use, instead, students should arrive with a bag containing water, personal hand sanitizer, extra hair ties etc.
- While Victory Gymnastics takes our responsibility to your family seriously, we can in no way guarantee that you or your child will not contract any virus/illness while in our facility.

I have read and understand the above statements and policies regarding COVID-19. I will do my part to help maintain safety at Victory Gymnastics by being respectful of the gym's social distancing policies, insisting that my child wash their hands before entering the gym and when arriving home, and by supporting the coaches and staff as they work hard to provide a safe place to develop happy, healthy, and confident kids.
