Welcome back.....

We are excited to release information for the 2020-2021 season. Although COVID-19 has delayed this process and still poses some unique challenges. We are doing our best to plan and provide athletes and parents with some sense of structure however, please understand that this continues to be a very fluid process and changes may be made as we navigate through the 2020-2021 season. The safety of our athletes, families and staff is of the utmost importance to us. Note that dates and information are listed with careful optimism and changes may need to be made based on start date, possibility of competitions to take place, etc. Warman Ultimate Cheerleading is built on passion and integrity and has been a leader in trusting the process and respecting the guidelines that been put forth for our sport. We have not rushed the process and value the safety of all our families. As we reunite back together you will see many notable changes. Warman Ultimate Cheerleading will keep recommended changes in place by Saskatchewan Health Authority (SHA) and Saskatchewan Cheerleading Association (SCA). We will ensure to take a collective effort for athletes, parents, coaches, and staff.

Risk Management:

- Follow all recommendations as posted by SHA and SCA
- Display visual alerts through our facility
- Conduct health screening of athletes and staff upon entry
- Follow return to play protocols and use cohorts for training

Health and hygiene:

- We ask athletes and staff stay home if sick or exhibiting symptoms listed on the SHA screening checklist
- We will provide hand hygiene stations upon entry, after restroom use and before exiting
- Provide hand hygiene stations throughout the training areas
- Remind athletes to keep physical distancing
- Remind athletes to avoid touching face
- Have PPE on hand for any close contact if required

Through these changes we will focus on teamwork the definition of our sport to help guide us through these times of change and uncertainty.

TEAM PLACEMENT

Due to Covid-19, team placement will be modified for level 2 and up this year only.

Team placements is an opportunity for athletes to demonstrate their skills. Athletes are grouped with other athletes similar in ability to form teams according to the level requirements set by the IASF. Anyone who would like to be considered for a competitive level 1-7 All-star team will need to attend Team Placement. **All Prep and Novice programs are registration only process no need to attend team placements (Including level 1 only this year)**

We will run team placement sessions for all the WUC teams except novice, prep and Level 1 All-star programs in August. All Star programs run from August, 2020 to April.30, 2021 Team placement will be run like a practice and will consist of a variety of athletic ability evaluations such as endurance, strength, jumps, tumbling and flexibility drills. Most importantly, we will be looking for athletes who demonstrate a positive attitude, and a willingness to learn. These placement sessions are done in a fun, easy-going environment. Anything you need to know will be taught, and no experience is necessary. Athletes will be evaluated according to the IASF level guidelines. IASF has created rules designed for proper progression of skills from levels 1-7. Athletes Below is a chart of skills required for each level. This can be used as a guide. Athletes should have the necessary skills for the level, but there are also many factors that must be considered when placing athletes on a team. Team placement is not easy and we need to look at all factors and make the best decision for each team. Athletes will be placed on teams by age first, and skill second. Being a member of Warman Ultimate Cheerleading is a privilege, not a right, and as such our staff may refuse competitive team placement. **Age is determined as of December 31, 2020.**

IASF RULES

The IASF have created rules designed for proper progression of skills from levels 1 through 7. These standards are used to promote safe practices at every gym across North America. By following these levels of progressions we ensure the safety of our athletes as well as competitive success. Many of our level 2 to 7 teams compete Internationally and we need to give our athletes the opportunity to compete against American teams with success. These criteria are also used to judge teams at competition.

The chart below is a snap shot of skills required at each level. It is by no means a complete list of the elements required.

Level	Stunts/Baskets	Tumbling/Jumps
1	-thigh stands with flexibility positions -preps, cradles, sponge downs -ground level inversions, extensions in pyramids	-rolls, cart wheel, round off -front and back walkovers -basic jumps

ADDITIONAL INFORMATION

Club Apparel

Acceptable attire for practices is “cheer” apparel. Proper white cheerleading shoes, shorts, t- shirt and/or tanks. We also require all athletes to wear bows. A club t-shirt is given to each athlete and is required to be worn at one practice a week determined by the coaches. Athletes are required to wear their WUC gear when representing WUC at competitions, fundraisers and events. The purchase of our WUC gear can be done throughout the season. Athletes are required to purchase a uniform package: Top, skirt, bow, white shoes, and make-up. All athletes with crop tops are required mandatory cover up (mid drift) Open, senior, junior & youth teams are required to wear proper cheerleading shoes. Elite senior and open teams are required to wear black titans. 106 team is required to get uniform socks. All Elite teams are required to have team specific practice gear, Top and Bottom. All level 2 and up including summit athletes require track jackets (new 2019 style) and back packs (excluding mini) . All athletes will be sized for uniforms in August. Our uniforms may not be sold externally to any person or group such as costume companies and/or schools. Our logo is copy written and the use of it must be requested through management.

Athlete Attendance

All team practices are mandatory. If your athlete is sick or injured, they are still expected to be at practice learning from the side (within reason). If an athlete becomes suddenly ill, a phone call, text or email to coach@warmanultimatecheerleading.com is to be made so that the coaching staff can make adjustments to their lesson plan. Athletes can be placed on probation, removed from a stunt group or from a routine entirely at the coach’s discretion. This also includes multiple lates, excused/unexcused missed practices and missed competitions.

At WUC we feel that school is an athlete’s top priority. That being said, we also encourage athletes to understand and appreciate that they are expected to manage there after school time effectively so that they can make the best use of their time. Missing cheerleading for homework is NOT an acceptable excuse and will negatively impact the athlete’s attendance record. Consequences for missing practices for inexcusable reasons may jeopardize their placement on a team and in a routine. If your family is planning a vacation, we ask you to inform Leslie immediately as your athlete’s absence from a class directly affects the entire team’s ability to train effectively. Please read over the 2020/2021 competition schedule thoroughly and take into consideration the competition dates. Please submit an Absence request form to your coach. These can be found in the forms section on the member’s area.

Communication

Please check your e-mail regularly so that you may stay informed about upcoming competition info, events, fundraisers etc. We also encourage everyone to follow us on Facebook at Warman Ultimate Cheerleading and on Twitter/insta @WUCheerleading! Once you are a member of WUC, you will be given a password to the member’s area only on warmanultimatecheerleading.com. Parents will also be provided with a team parent facebook page.

Our tumbling program has had a major impact on WUC athletes. We encourage all WUC athletes to sign up for a tumbling class. Athletes in our Elite program are required to be registered in tumbling classes. WUC will enforce proper guidelines and progressions and will not permit level jumping. Private tumbling lessons will be provided throughout the year as well. Youth and up will be provided with ½ hour team tumbling. Elite teams will have mandatory at level tumbling classes Fall and Winter.

Family Vacations

Family vacations are not permitted during competition season. If you choose to plan a holiday during competition season, please be aware that this may result in removal from stunt group, or routine. We feel the safety of all our athletes is the most important factor at WUC and failure to attend multiple practices in a row due to vacations is unsafe.

Volunteering

Why not take the time to make the community that directly affects your child even better? WUC will be asking each family to take a moment and lend a hand with the following tasks. Booster collections/product handouts, year-end banquet, floor set up and take down (about 4 times a year). By helping out just once you will help the longevity of our board on booster, and provide more opportunities for the athletes to use the sprung floor.

COMPETITIONS, DATES, & LOCATIONS

The following is a list of competitions each team will be attending. We always give families as much notice as possible if any changes occur. ALL competitions are MANDATORY. Even if one athlete is missing it will jeopardize the team's ability to perform their routine or potentially even to compete. We ask that athletes are not missing the week prior to competition as this also jeopardizes team safety and ability to perform with no prior practice. We cannot stress the importance of full participation for every competition. Competition Schedule is due to change at any time due to Covid-19.

Crossover Athletes

Crossovers are athletes who choose to train on more than 1 team. Being a crossover athlete greatly increases an athlete's ability to learn and become a high level cheerleader. We have found that it encourages excellent performance, strength, endurance and overall health. On the Team Placement form you will be able to select if you would like to be considered as a crossover athlete. Crossovers will be selected at team assignment based on what that athlete can contribute to the team and specific needs of a team. Only a limited amount of athletes will be selected as crossovers. Crossover athletes must be prepared for additional practices, uniform fees and crossover fees of \$240+gst due December 1st. Additional competition and training cost will apply.

*Payment #6 Choreography is subject to change depending on travel and choreography in house

*Please note due to Covid-19 we have removed all competition fees due to the unforeseen future and when competitions will begin. Competitions will be estimated \$40.00-\$60.00 per competition.

What does registration include?

Registration fees include: Coaching hours, Facility rental, Insurance, music, T-shirt and administration fee. The season cost reflects up to 10 months of training and 7 months of training for all Prep, Dance and Cheer Abilities programs. All Youth, Junior, and Senior programs will include 30 minutes addition team tumble time.
