

### Health & Safety Update 03/16/20 2.0

At Allstar Athletics, the health and safety of our athletes, coaches, employees, families and friends is our top priority. We are diligently monitoring the Coronavirus (COVID-19) and closely watching official information from health authorities such as the Centers for Disease Control (“CDC”) and World Health Organization (“WHO”) as it relates to our larger community and competitions.

We understand that this continues to be a fluid situation and we continue to monitor guidelines from various authorities.

While we have made all efforts to keep things as normal as possible for our families and athletes, guidelines to not have groups more than ten (10) people, prevents us to continue with classes and team practices.

- *Effective immediately the gym **will be closed to team practices and classes** through this weekend. We will evaluate the situation at that time. Partial Class Pass credit will be applied to future monthly class pass.*
- ***Athletes may continue to schedule privates.** Total people in the gym will be limited to 10.*
- *Before entering the gym athletes and staff will be asked to wash their hands in the kitchen area.*
- *If your athlete or anyone in your household is sick, please do not bring your athlete to the gym. Please monitor their temperature regularly and follow preventative recommendations outlined in our previous communique.*
- *We have and will continue to clean the equipment regularly.*

For additional information, visit the CDC’s website at <https://www.cdc.gov/coronavirus/2019-ncov/>.

Thank you for being part of the Allstar Athletics family.
