

EVALUATION RESULTS

STEP AHEAD 2019 Tryouts results are below. All-stars have been placed according to their age, skills level, and the position being filled on a given team. Please understand that results from evaluations, while carefully and meticulously determined, are not always the end-result for placement. During the course of the next few months, coaches will be continuously looking at each athlete and following their progression to ensure the correct placement or the possibility of placement on a different level or position on a team. Some students may be required to take additional tumbling classes and/or attend summer camp. All team placements and levels have been determined based on the guidelines set forth by the USASF (United States All-Star Federation) and the positions that are needed on the team. **A child's tumbling level is NOT the only determining factor for placement.** *We will be open to having placement conversations after July 8th.*

Please, continue to scroll down until you find your name. NOTE: your regular practice schedule has been posted along with the first "Meet and Greet" and the first Parent Meeting. The regular season officially begins the week of May 20TH. Congratulations to all of our NEW and RETURNING all-stars! Welcome to the 2019-2020 Step Ahead All-Star season. We are very excited about this season and eager to get started right away! Please wear a t-shirt and/or sports bra and black shorts or leggings, high ponytail and a bow to your first meeting.

UPDATED 5/16 (A new team was added. Please note your practice times and first practice day)
