

SEASON 12
2017-2018 CHEER INTENSITY
TRYOUT RESULTS

Welcome to the Program!! We are so excited to get started with our 17-18 teams! All are filled with tons of talent and hard-working kids! This is by far the most excited we have ever been for every team as all are so strong at their level! We will be sending out an email either today or tomorrow with more detailed information on each team, so be sure to keep checking your e-mails! If you have any questions about your child's placement, please do not call, text, or e-mail any of the coaches. Simply send Jess an e-mail to set up a meeting time. Please remember that we are constantly wanting to help your child progress in all areas of cheerleading. The way we have split up the teams this year allows for the most growth and success for your child and for the program!
