ACROBATIC GYMNASTICS

This is what Xtreme Acro is known for! In these classes, students will work with assigned partners to complete various balance, dynamic, and combined skills.

GYMNASTICS

These are great classes for individuals new to the world of gymnastics! Students in these classes will learn the fundamentals of gymnastics including tumbling, trampoline, and much more!

TUMBLING

Tumbling is the foundation of gymnastics. Depending on the class level, students in these classes will learn various individual skills such as cartwheels, backbends, and back handsprings.

TEAM

Joining any of our teams will mean joining our Xtreme Acro family! Students will participate in the activities and competitions associated with the team they choose/are placed on until June 2021.

You are not obligated to participate until June 2021. However, this is a partner-based sport, and the termination of your participation will adversely impact your partners.

PARKOUR

Parkour will enhance the students' understandings of their own body. In this class, students will learn how to perform tumbling skills while appropriately and effectively maneuvering around obstacles.

Spring classes begin Monday, March 15th and end Saturday, June 12th

There are **NO classes** during **MCPS Spring Break March 29th - April 4th or Memorial Day May 31st**

Make ups for Memorial Day will be **June 14th**

Prices listed are for **1 class a week** (same day and time) for 12 weeks. Our Competitive Team includes multiple days with a monthly tuition. There are no refunds and no make up classes. Upon request, an open gym voucher can be redeemed for a missed class (limit of 2 per session).

If there is space available, students may register for a class mid session for a prorated amount.

Second classes within the same family receive a 10% discount for one of the classes.

There is a \$25 charge for returned checks

For weather cancellations, please call the gym or check the website before coming.
