

American Recreational Cheerleading Music Use

**This form must be completed by each organization wishing to have its team(s) music played at American Recreational Cheerleading events.**

Our organization can attest that all of our teams have done of the following:

- Purchased music legally from a licensed music provider that is licensed to use the music which our team or teams will be playing at events;
- Used a single song purchased from iTunes or a similar music service, which has not been altered in any way including but not limited to tempo changes;
- Used an original song and received rights to use the song; or
- Received permission to edit a popular song and received permission from the music publisher, record label and artist. This permission must have been obtained for each song in your routine.

We have the proper documentation to show that the proper licensing was obtained and will produce such documentation to American Recreational Cheerleading or the Illinois Recreational Cheerleading Association upon request.

We agree that American Recreational Cheerleading, the Illinois Recreational Cheerleading Association, and their parent company Redlok Productions, Inc. are not responsible for any licensing, copyright or royalty issues that may occur in conjunction with the music our team or teams play at competitions and our organization assumes full responsibility for such music.

The person signing this agreement on behalf of the organization hereby covenants and warrants that such person is duly authorized by the organization to execute this document on behalf of the organization and bind the organization to the terms herein.
