

Apex Cheer is looking forward to the start of the 2018 – 2019 season. Thanks so much for your participation in the evaluation process. Below are the workgroups assignments. These workgroups were formed based upon how the athletes executed the skills at evaluations. During the month of May, coaches will be working with the athletes to see what stunt group combinations work best together and verifying consistency of skills exhibited at evaluations. As skills are gained or not shown to be consistent throughout the month of May, workgroup assignment will be adjusted accordingly. Teams will be formed at the beginning of June. It is important to understand that there could be movement up and down levels as we work to form the most competitive teams possible.

If you need to change the day and time of your tumbling class to accommodate your new practice days and times, please stop by the front desk.

Please note: all registration paperwork MUST be turned in by April 27 for your athlete to be officially enrolled in the workgroup.
