Attendance

Attendance

- Athletes are expected to attend and arrive punctually to all team functions, practices & competitions.
- Athletes may play other sports, however, if a conflict with an outside sport or job arises, athletes and parents must make it a priority to arrange for the athlete to attend KX practices, events, etc.
- Absences may be requested by submitting a “Vacation Request” form in advance. Vacation forms can be found under FORMS in the Member’s Area of www.kxathletics.com). It is at the discretion of the coach or director’s approval to honor the request based on team needs.

 - C.) Exceeds the Injury/Illness time frame for a doctor’s note (see details below)A fee of \$25 will be charged to the member account per practice missed. Multiple unexcused absences may result in dismissal from the program.
- School Spring Breaks will not be honored as we have too many school schedules to contend with. We ask families to plan their vacation schedules around the competitive season (Nov-May) and the gym closing dates unless a date has solidly been cleared by a director.
- Summer attendance is VERY important to the development of the team and tumbling progression. Please note that we expect team members to be at the majority of the summer practices however we understand this is prime vacation time.
- Athletes understand that if they miss practice prior to a competition, it will be at coach/director discretion to replace the athlete for the event.
- Competitions are Mandatory – Members are required to attend all competitions through the designated time set forth by KX Athletics in the provided logistics. If a parent is unable to stay for the whole competition, other arrangements must be made so that the member can stay through the dismissal time for their team. Missing competitions may result in dismissal. Competition schedules are subject to change. KX will provide as much notice as possible, however it is possible that changes are made with little notice.

Injuries/Illness

- If an athlete sustains any injury in the gym, the athlete must report all injury at the time it occurs
- Athletes are expected to attend all practices when injured (unless approved by a coach) in order to watch in the event changes are made to the routine and/or to participate in an approved limited capacity.
- If Athletes are requesting to be fully excused from practice due to injury or illness:
INJURY: A doctor’s note or confirmed doctor appointment must be provided to the coach on or before the practice following the injury if the athlete is still unable to fully participate at the practice following the injury.
ILLNESS: If an athlete is unable to fully participate due to illness for two subsequent practices, a doctor note is required.
UNEXCUSED ABSENCE FEE: The unexcused absence fee of \$25 applies after the above stated time frames for each practice an athlete is unable to fully participate without the required doctor’s note.
- In the event of injury or extended illness, tuition will not be credited and tuition installment payments must still be paid as they become due in order to continue to secure the athlete’s team placement.

Team Development

Phase I -Evaluations

Phase II – Advanced Assessment of Skills

Phase III – Team Placement

Skills Commitment Requirements

Phase I

Evaluations – All athletes attend an age breakout session to learn a Jump, Motion/Dance sequence. Each athlete has the opportunity to practice skills and will return on the assigned age break out session for an overall evaluation. During this evaluation night, current unassisted tumble skills are also evaluated. Following the Evaluation session, athletes will attend Skills practices to determine positions & team placement.

Phase II

Skills & Tumble Classes – The skills classes assigned for the first 1-2 weeks of June. Stunt skills will be evaluated to help determine level readiness. Tumble skills demonstrated at the initial tryout will be evaluated for consistency. KX is dedicated to successful teams at every level and division and there are no guarantees of placement on a certain level of team at this time.

Phase III

Team Placement –Athletes are placed on their team and begin working towards solid stunt groups that will be utilized in the choreography of the routine. The weekly practice schedules will be solidified at this time for the remainder of the season. There is still potential for team placement movement during this phase based on team need. Most changes will occur before routine choreography begins.

Skills Commitment Requirement – In the event an athlete is placed on a team based on a skill(s) that were performed during the Team Development Phases and is no longer performing the skill for any reason, the athlete will be required to enroll in additional classes and/or private lessons until the skill(s) is being performed consistently at practices and competition events. These classes and/or private lesson fees will be in addition to the member's All-Star monthly tuition amount. If for any reason, the athlete is unable to commit to the additional classes and/or private lessons to regain the skill(s), the athlete's team placement may be revised (at the coach/director's discretion) to place the athlete on a team that is a more appropriate level to showcase the skills they possess.

Team development can be stressful for athletes. The KX Athletics staff is dedicated to doing what is best for a team to ensure a successful season. With our belief of the Parent/Coach relationship that is needed, we ask that parents help their athlete through these phases with the assurance that they will be placed on a strong and successful team that is the best fit to showcase the athlete's skills. Please read below for some helpful information as your athlete enters into the Phases of Team Placement.

Tumbling Level Insights

While tumbling does not solely define a cheerleader, often athletes/families enter into the Team Placement phases with the expectation of which level team they should be placed on based on a certain tumbling skill. The All-Star cheerleading scoring system has evolved over the years and guides the direction that all-star gyms must take in creating teams that will “max” the scoring system. KX Athletics takes pride in the success of every level team in our gym and encourages athletes to appreciate and contribute to their team with their true level of abilities and not “rush” through the levels without the skills that fully contribute to each level. Would you rather your child be the “bat boy” or the “star pitcher”? KX Athletics believes that offering each athlete a placement to shine is the best way to build confidence & solid skills overall!

With that being said, the overall team must be built not only on tumbling but also on the positions required to create strong stunting. For example: An athlete may have skills to tumble at Level 2 or “fly” at level 3 – team placement would be depending on the coaches assessment of which skills would be best utilized for a successful TEAM and which skills should be further developed for the Athlete’s individual goals.

P.O. Board

The KXA PO Board offers a variety of gym-wide fundraisers throughout the season to benefit the KXA Athletes and Teams. Individual fundraisers are not required but may be done independently. The PO Board distributes the PO Board monies in a manner in which it benefits all athletes throughout the season. For a comprehensive listing of how previous funds have been distributed, as well as to learn more about the KXA PO Board and Fundraising Opportunities, please visit www.kxathletics.com once you are a registered member.

Member requirement: INVOLVEMENT!

For the 2018-2019 KXA season, in lieu of the previously required “Activity Fee”, each all-star member family is required to participate in **AT LEAST ONE** P.O. Board activity by either attending, volunteering or donating requested items for events.

Junior Coaching Program

Athletes who demonstrate genuine passion for their sport, leadership skills and are viewed as exemplary role models at KX may be offered the opportunity to volunteer time and work along side the senior staff as a “Junior Coach”. These athletes will have the opportunity to learn how to effectively communicate and teach younger athletes and take part in developing overall program bonding.

Community Service Opportunities

#KXACARES

Each year the KX Athletes are encouraged to get involved with the community or even globally to reach out to others in need. Teaching children to reach out to others and see beyond themselves is important. We are not just training cheerleaders; we are training our future leaders

2018-2019 USASF Divisions & Age Requirements

All USASF Ages are as of August 31, 2018

All IASF ages are as of December 31, 2019

Elite “Traditional All-Star”

Elite All-Stars compete at the highest levels of all-star cheerleading. Teams begin in June and run through Mid-May. There is no previous experience necessary to join the Full Year All-Star teams! KX takes pride in the ability to coach beginner through advanced athletes in the sport of competitive cheer and to provide the environment necessary to encourage the growth of each individual and as a team to achieve success.

Prep Half Year Season All-Star

All-Star Prep teams offer athletes a great introduction to the world of competitive all-star cheerleading. With less time and financial commitment, our Prep Program is perfect for School and Recreational cheer athletes that want to extend their season and take their sport to a higher level of competition! Our Prep program begins with Try Outs in September and the season runs October through April.

Novice All-Star

Novice All-Star teams have the opportunity to perform and receive a “rating” from judges without the added pressure of being scored against teams. This division has been developed to allow athletes to gain confidence performing in front of a crowd and to develop their cheer skills non-competitive environment.

FUNDamentals – Starting August 2018!

Fundamentals is the entry level program for athletes to experience All Star in a seasonal, lower commitment, lower cost, entry level, non-competitive environment. Progressions are formatted through the USASF. Teams will not compete but may exhibition at USASF sanctioned events.

Cheer Abilities Program

The Special Needs program welcomes athletes who are differently-abled, have varying degrees of cognitive, emotional, and/or physical needs to be a part of the All-Star Cheer community. These incredible athletes practice weekly in preparation to compete at local events and inspire others to achieve their dreams through their performances. Summer schedule offers once a month 1hour acclimation practices and the season begins September 2018.

Crossover Policy

When a Full Year All-Star athlete is crossing over to another team they will be charged an additional \$55 in monthly tuition to offset the additional competitive registration fees. Please note that the team the athlete is originally placed on is their primary or “home” team.
