Starlitz Xpress Cheer is required to submit a listing of all our athletes and where they are staying in order to be complaint for these competitions. This is a requirement by the competition company and Starlitz Xpress Cheer does not receive any financial benefit from this program. If an athlete is not registered through the required competition housing company, they will not be eligible to compete. Starlitz Xpress Cheer will send out an email with the “team”

hotel information and instructions for booking. All families are required to book and secure their own reservations by the specified deadline.
