Expectations

Dedication, commitment, positive attitude, and hard work are what we expect our team members to bring with them to every practice. The SKKY Allstar's staff trains to be the best in their field. Each coach is capable of developing a champion out of every athlete that aspires to become a champion. Sometimes this requires dedication above and beyond your regular practice schedule. Throughout the season, additional mandatory practices may be added to ensure the confidence and preparation of each team before competition.

Students may miss optional/not required school activities, or

family functions, to be a part of SKKY Allstars. Notice for extra practices will be given as soon as possible to help avoid these types of conflicts, but we need you to be aware that they may occur.

What can you expect in return from SKKY Allstars?

We are interested in investing more than just one season with each athlete. We will teach the progression of skills necessary to continue through each level that is within reach for each child. Our training style is technical. We want the athletes to be able to execute each skill with correct technique before moving on. Strength and confidence begin to grow with this style of teaching. It does however require patience and commitment on the part of the athlete and parent. Every athlete has their own pace at which they progress and the SKKY Allstar staff is dedicated to their individual progress, as well as the overall success of each team. It is our mission to provide a positive environment, where athletes are learning and improving with each season. Creating winning routines is a process, ever changing and evolving into an award winning and nationally recognized style known as SKKY Allstars.

Are you willing to put in the extra time it takes to be a member of one of the BEST programs in the U.S?

The SKKY All-Star staff is 100% dedicated to the development of your child.

Team Development

Building POWERFUL CHAMPIONS!

Phase I -Tryouts Phase II – Advanced Assessment of Skills
Phase III – Team Placement Phase IV – Re-evaluation of
Team Needs

During the 2017-2018 season, the coaches will spend many hours working towards building the strongest teams possible. When each individual position (flyer, base, back spot) is thoughtfully put together, the result is a high performance program: *SKKY Allstars*.

*(Team placement is not guaranteed based on request, carpool, practice availability, or previous team assignments.)

2017-2018 Team Try-Outs/Evaluations were held on May 16th, 17th, 20th, and 21st.

Phase I

Tryouts – All athletes (new and returning) attend an age breakout session to be evaluated. Each athlete has the opportunity to show his/her skills in the following areas:

Jumps, Stunts, Dance and Tumbling. Each athlete is assessed and scored by certified USASF members. The SKKY staff has the knowledge and experience to build successful teams based on the competitive scoring systems that need to be met.

Phase II

Team Placement –Athletes are placed on their team, and begin working towards solid stunt groups that will be utilized in the choreography of the routine. There is still potential for team placement movement during this phase based on team need. Most changes will occur before routine choreography begins. Since SKKY is dedicated to successful teams at every level and division, there are no guarantees of placement on a certain level/team at this time. We are committed to being able to put teams on the floor that have the ability to maximize the score sheets as a whole, not just based on what skills only a portion of the athletes possess. For example: an athlete with both base and flyer potential and has their round-off handspring tuck could be placed on a level 2 team to develop flying skills further OR placed on a level 3 team as a base who is contributing a tuck to the team tumbling.

Example: A “flyer” who is placed on a team for their flying skills may possess higher level or lower level tumbling skills than the team level but is needed for their flying skills for a particular stunt group that will benefit the team.

Example: A “base” who is needed for strength in a stunt

group may or may not possess the tumbling skills of the team level but is needed for their experience in stunting for a particular stunt group.

Phase III

Skill Classes – The skill classes will be offered throughout the summer for all levels. There will be several tumbling camps, stunt clinics, flyer training, and more offered throughout the summer/season. During this time, SKKY staff will continually evaluate the progression of each athletes' skills.

Phase IV – Revisions to team placement after early pre-season are usually minimal, and athletes are informed individually if movement is deemed necessary.

Team development can be stressful for athletes. The SKKY staff is dedicated to doing what is best for a team to ensure a successful season. With our belief of the Parent/Coach relationship that is needed, we ask that parents help their athletes through these phases with the assurance that they will be placed on a strong and successful team that is the best fit for him/her to showcase their skills.

All of these considerations are with the mission of creating a strong TEAM. In the event an athlete is working higher level tumble skills than his/her team level, he/she will still have

the opportunity to practice those skills during his/her team's tumbling sessions. In the event an athlete is working lower level tumble skills than his/her team level, he/she will have the ability to do modified drills to ensure his/her safe progression.

Attendance Policy

SKKY can only be successful with a MANDATORY attendance policy!

- ◆ € Excused absences include: family emergency or a school event that earns a grade.
- ◆ € Other sports or work that conflicts with SKKY practices are NOT excused. If a conflict with an outside sport arises, athletes and parents must make arrangements for the athlete to attend SKKY practice and competitions.
- ◆ € Absences must be reported to your coach prior to missing practice. If you do not reach the team coach, please know that leaving a message/text/email does not mean the absence is excused. Must text BOTH or ALL team coaches.
- ◆ € School Spring Break will not be honored as we have too many school schedules to contend with. We ask families to plan their vacation schedules when

SKKY is closed, unless a weekend has solidly been cleared by SKKY staff.

◆ € SKKY athletes practice 10 months of the year. 3 excused absences max from August through May are allowed. (If on Worlds team, please refer to Reign contract) The gym is closed on designated weeks as per the SKKY member Calendar.

◆ € Summer attendance is VERY important to the development of the athlete and tumbling progression. Please note that we expect athletes to attend tumbling and clinics throughout the summer, however, we understand this is prime vacation time.

◆ € Athletes must be on time to practice. Continual tardiness will be grounds for disciplinary action or dismissal.

◆ € An unexcused absence will warrant disciplinary action, or be grounds for dismissal.

◆ € If you are injured or sick, you must still attend practice. You will not be required to fully participate. You will be required to watch any changes that directly affect you. Please note that in the event of athlete injury, there are no tuition credits for the time the athlete is recovering. If an injury occurs outside of cheer, you are still responsible for tuition and fees, as that will cover the cost of your replacement.

- ◆ € All competitions are absolutely mandatory.
- ◆ € If an athlete is injured and needs to be excused from full participation, a doctor's note is required to secure his/her placement on the team.
- ◆ € In the event an athlete is injured or ill but has not been to a doctor, parents' must speak to the team coaches directly to make them aware of the circumstances, and to avoid any miscommunications between the athlete and coaches. Please understand that in the event that an athlete is not able to practice prior to a competition, it is at the coach's discretion to allow him/her to compete or to arrange a "fill in" for the event; however, the athlete will be responsible for the competition fee whether he/she competes or not.

Unique only to SKKY Allstars

Getting Involved!

- ◆ € Jr. Staff Program – is a volunteer program offered to team members at SKKY Allstars. "Jr. Staff" is selected on their leadership skills, ability to teach and spot, availability, years at the gym (or in Allstar cheer) and overall dedication. These team members work with

our younger teams. They learn how to coach and increase overall program bonding.

◆ €Gym Wide Service Projects –SKKY Athletes are encouraged to get involved with the community, or even globally to reach out to others in need. We are not just training cheerleaders; we are training LEADERS. We feel that teaching children to reach out to others and see beyond themselves is so important. In past seasons SKKY has: collected canned goods and items for families in need, participated in a walk for Hydrocephalus Awareness, partnered with Lisa's Army in their fight against Ovarian Cancer, Walked for Breast Cancer Awareness, The Children's Hospital of Philadelphia, Catholic Charities Appeal, and a local orphanage in an effort to give back to the community and help children less fortunate than ourselves. We are so excited to continue our efforts within the community with our SKKY gives back campaign.

Financial Contract

Explanation

There are expenses that are paid by SKKY Allstars in advance for each athlete. If you choose to leave the program before your annual tuition is satisfied either for personal reasons, job transfer, moving to a new area, etc. – we require a signed contract that each family agrees to pay a buy-out cost that will ensure that SKKY Allstars is refunded for the expenses and competition registrations that are paid in advance. This contract must be signed and turned in prior to your athlete participating in classes. This is not to penalize families if they decide SKKY is not a good fit for their family, but to recoup expenses that we pay for in advance and do not receive full payback until the end of 10 months payments for families who choose the monthly payment plan option. This member contract is included with this informational handbook for your review and completion. The buy-out does not apply if your tuition is paid in full however all tuitions paid are non-refundable. The positivity that is founded in SKKY is created by the belief that families should be happy to participate or happy to not participate, however it is not an option to be unhappy with the offerings of SKKY and stay in the program.
