## Welcome to the 2023-2024 Bama All Starz Season!

We are so excited for you to join our Bama All Starz Family, the BamFam for Season 27! The mission of Bama All Starz is to build champions on and off the mat. We pride ourselves on being a program that promotes excellence, respect, hard work, dedication, good sportsmanship, Christian values, accountability, positivity, inclusivity, and a family environment. The BamFam is committed to these positive attributes and inspires our athletes to be the best they can be!

Note: All parents should have completed their tryout registration on our website [www.alabamacheerleadingcenter.com](http://www.alabamacheerleadingcenter.com) providing their basic contact information before submitting the tryout packet. All payments should be made through the portal. Gym registration fees (\$60 annually) must be current and all gym accounts must be in good standing with a zero balance in order to participate in team evaluations.

**Be sure to complete the signature pages at the end of the packet when you come in for your tumbling and jump evaluation day. Athletes will not be allowed under any circumstances to evaluate for a team without completed packets, tryout fee paid online, and registration fee current prior to tryout. Tryout fees and gym registration fees are non-refundable.**

Athletes will be notified after their tryout of their projected team placements. Team placements are fluid and athletes may be changed after placements are made initially based on age, skill level, role in the routine, routine score maximization, overall perfection of skills, and changes in the scoring grid or age grid. Attendance is critical to show improvements and ensure proper team placement.

## **Practices and Attendance**

Attendance is a high priority for a team's success. A team's success is largely based on the team working together on their skills and spending time as a team. Failure to comply with the attendance policy jeopardizes an athlete's team placement. Team attendance is divided into two sessions: summer training and competition season.

### **Summer Practices**

Summer Training: Athletes have practice once a week as a team. The gym is closed on the week of the 4<sup>th</sup> of July. Between team formation at the end of May/beginning of June to August 1st, an athlete is allowed a **maximum of two (2) absences**. These absences should be submitted in writing at the first team practice. Team practices are scheduled Monday-Thursday and are the same day each week. Choreography weekend and team stunt week are mandatory. Elite teams also receive unlimited class opportunities over the summer. Other teams receive one tumbling class a week.

### **Choreography**

Team choreography weekends are the times where the choreographers come in and teach the routine our teams will compete for the season. This weekend is mandatory as well. Please do not schedule vacations, last minute trips to the beach, or other activities during this time.

### **Competition Season**

Competition Season: August until the end of competition season, an athlete has 3 allowed unexcused absences. All elite teams practice once on Sunday plus one weekday practice. Prep and novice teams will have one weekly practice. Practice times vary from 1.5 hours to 3 hours depending on the team. The cost of the team does not fluctuate if team practices are added or cancelled.

### **Practice Dress Code**

Athletes should wear the assigned practice wear and cheer shoes for every practice. Hair should be worn in a high ponytail, out of their face, and with a practice bow in their hair. Hair should not hang longer than mid-back. If an athlete has hair that is longer than the acceptable length, she/he must braid, curl, or put their hair in a bun to make their hair an acceptable length for safety reasons. No jewelry should be worn to practice, including rings, bracelets, necklaces, ear/nose/belly rings, or any other items. Male athletes should always wear compression shorts under their practice shorts. Female athletes should always wear a sports bra and bloomers under their practice wear.

### **Attendance Policy**

Athletes are allowed 2 unexcused absences during the summer session (June and July) and 3 absences during competition season (August to April).

American Cheerleading Center  
Bama All Starz

- Athlete absences should be reported to their coach as well as logged using the absence link on the gym website. Failure to report your child's absence on the website will result in an unexcused absence and a \$25 fee added to your child's account.
- Arriving to practice 15 minutes late or asking to leave more than 15 minutes early will result in a ½ absence. Two ½ absences will count as one unexcused absence.
- Communicating regarding an absence does not ensure that an absence is excused.
- Planned absences, including doctor appointments and family commitments should be submitted to the coach no less than 2 weeks prior to the absence.
- Unplanned absences should be reported to the coach and logged in the absence link in the gym website.

### Absence Protocol

- First absence: Coach contacts athlete's parent, notifies all star director
- Second absence: Athlete role in routine reduced with all star director
- Third absence: Parent meeting with coach and all star director
- Additional absence: Athlete removed from routine, athlete season balance is due

Tardies and unexcused absences to practices will result in consequences including but not limited to conditioning exercises to make up for lost practice time.

### Competition Week

Absences are not allowed during the seven (7) days before a competition. Missing a practice during competition week will result in a \$50 fee added to the all star's bill, to accommodate for costs of coming in for additional practices. Missing practice may result in an athlete losing their place in the routine. Missing a competition for a scheduled event (wedding, family vacation, sicknesses, school field trips, other conflicts) with advance notice will result in a \$500 fee assessed to your all-star account. Missing a competition without a week's notice can result in a fee equal to 100% of my child's team entry fee for the competition and/or termination from the program with the season balance due.

Spring Break – March 24-29, 2024

Any days cancelled due to weather conditions, staff training, competitions, performances, clinics, or other gym events.

### Excused Absences

Excused absences include school functions that result in a grade, documented diagnosis of a contagious illness that prevents your child from coming to practice (doctor's excuse required).

### Unexcused Absences

Unexcused absences include homework, study groups, trips, weddings, church activities, jobs, punishments from parents.

Athletes are responsible for catching up on missed material at practice, including tumbling and jump reps, and stunts.

### School Cheerleading

School cheer will be allowed limited excused absences. We schedule team practices with as few school cheer conflicts as possible. Bama All Star staff works diligently to work around scheduled extra-curricular activities related to school cheer. All Star coaches should be provided with a school cheer schedule as soon as it is published, and coaches should be sent reminder emails for absences each week. Absences with less than 24 hour notice must be followed up with the school coach's email/group message of the rescheduled event or the absence will not be excused.

### Injuries and Unexpected Emergencies

If you are sick (and not contagious) or have an injury, you are expected to attend team practice. An athlete with a fever may mean an athlete is contagious and should not attend practice. Watching from the sidelines allows an athlete to see changes made at practice, which may affect their part of the routine. An athlete is excused from activities during practice only if the doctor writes and signs a note for him/her to refrain from practice due to an injury.

Please notify coaches immediately if an injury occurs during practice. An athlete cannot return to full participation in practice until a notice from a doctor releasing the athlete from their care has been received. There are no exceptions. Athletes should still attend practices throughout their injury period unless the doctor recommends otherwise. Parents are responsible for paying their child's all-star fees while their child is injured. An alternate may be placed in their child's place in the routine during this time. After the athlete is cleared from the doctor, it is at the coach's discretion (and not the parents decision) when the athlete is conditioned and ready to resume their position in the routine. Classes missed due to injury are not prorated. Also, if an athlete is not well enough to fully participate in team

American Cheerleading Center  
Bama All Starz

practice, they are not allowed to participate in tumbling classes until they are well enough to participate in both.

## Team Placements

### Team Placements

Team placements are made based on each athlete's age, skills, maturity, role in the routine, experience, and what will make the team most competitive. The team placements are in the best interests of the program.

### Best Interest of the Program

Athletes are placed on teams based on the best interest of the program and the maximized scoring potential of a routine. It is the athlete's responsibility to maintain their skill set throughout the season, as well as gain new skills in their tumbling classes and team practices. It is also the athlete's responsibility to know their role in the routine (base, back spot, flyer, front spot, tumbler) as well as routine skills (stunts, jumps, tumbling, dance, baskets, etc.). Occasionally, an athlete may be moved from one team to another team or asked to be an alternate for an additional routine. An athlete that is moved from one team to another is in the best interest of the program and the best utilization of their skills and is not a negative consequence. The decision is made through careful evaluation and consideration of both teams. All team changes will be made with the All Star Director/Owner.

### Declining Team Placement

An athlete is officially a part of the Bama All Star program upon trying out for a team. After tryouts, an athlete has until 6:30pm two days after the placement is released to decline their team placement **in writing** via email or letter to the All Star Director. After that time, the contract is binding and the agreement stands as printed. Team placements can change until routine choreography, and teams can be created as well as disbanded or combined after tryouts at the owner's discretion in the best interest of the program.

### Coaches Decisions

Bama All Starz parents and athletes understand that the coaches and staff have the final decision to an athlete's team placement, roles in the routine, and participation and placements in formations at any point of the routine at any point in the season. Coaches may place athletes as an alternate in a routine that they have previously had a participating position in as a result of attendance or disciplinary action prior to removal from the team. Changes in the routine are made in the best interest of the team and routine. Teams also form, disband, or combine after tryouts at the gym owner's discretion in the best interest of the program.

## **Competitions: Schedule, Travel, Dress Code**

### **Competition Costs**

Competition costs have been included in the inclusive fee for cheer for the season. Bids to the D2 Summit, D1 Summit, The One, and All Star Worlds may have additional fees associated in addition to the deposit in the inclusive fee for the season.

### **Competition Information**

Competition schedule will be issued as well as a season calendar of events to parents and athletes. We will adhere to this schedule unless there are extenuating circumstances that cause us to change. When we register for competition, we do not control who we compete against or how many teams are in each competitive group. We will not entertain questions about who we are competing against or why other programs are not coming to the competition. Parents are also not allowed to enter the warmup area at competition for any reason.

For each competition we will provide the times for the team to arrive, meet the coaches, compete, release to parents (if needed), and awards. These times will be available by Thursday of competition week. These times are contingent on the competition event producers finalizing the event schedule and sending the information to our program.

### **Parent Travel Obligations**

Parents are responsible for their child, their behavior, and activities at competition. Parents are responsible for transporting their child to competition, lodging, meals, and any other activities associated with competition day aside from participating on the competition floor. If a parent cannot attend a competition, parents should plan for their child to be in the care of a responsible adult or another Bama All Starz parent that will be responsible for the athlete.

Bama All Star Parents understand that there may be competitions that teams participate in that are outside of the Birmingham area. Parents understand that competitions are not vacations, and the athlete's time and focus should be focused on Bama All Starz and the competition. Parents must follow the "Stay to Play" guidelines (if required) when booking hotels for out-of-town events. For out-of-town events parents should plan to arrive in the city hosting the competition on Friday, and plan to leave following the close of the event, which includes the team's awards ceremony. Schedules for competition are provided the week of competition or as provided by the event producer.

Bama All Starz is not responsible for any cancelled travel plans due to event rescheduling or changes. We encourage parents to purchase transferrable or refundable options. Many parents drive to competitions and do not require flights to attend.

## Communication

Bama All Starz communicates pertinent information for parents and athletes using emails, GroupMe, Facebook, flyers, and the gym website. Billing for Bama All Starz is done through our website. Parents understand it is their responsibility to know what is going on by checking for electronic communications regularly.

## Behavior

Parents and athletes should show respect for the coaches, fellow teammates, other Bama All Starz, parents, judges, official, and spectators. Disrespectful behavior will result in dismissal for your child. This includes drama from parents, athletes, or family members. Any inappropriate behavior from parents, athletes, or family members (fighting, bullying, arguing, unsportsmanlike behavior) will equate the child's removal from the team. No questions asked. All Bama All Starz will demonstrate good sportsmanship before, during, and after competitions. Athletes and coaches from opposing teams will be treated with respect. We will be modest when successful and gracious in defeat.

## Cool Down for 24 Hours

Parents will make an appointment to speak to coaches and/staff about athlete concerns 24 hours after the incident. These concerns will not be discussed at competitions or in a public setting. This will allow emotions to not rule the conversation and allow all parties to be calm and addressed appropriately. Athletes and parents will refrain from using social media to post negative messages about cheer including but not limited to private stories on social media platforms, spam accounts, or direct messages.

American Cheerleading Center  
Bama All Starz

## **Social Media Policy**

Parents and athletes understand that social media posts and messages reflect on the gym as well as the coaches, staff, and themselves. Athletes and parents may not post inappropriate messages on social media including posts to stories, newsfeed, or direct message (including but not limited to Facebook, Twitter, Instagram including spam accounts, group chats, private or direct messaging). Inappropriate messages should be reported to the all star director. Inappropriate messages will result in disciplinary action from the team coach/all star director, which can include dismissal from the program.

No unauthorized postings of videos are allowed, including Facebook and YouTube or other public website until the season has ended. We encourage family and supporters to respect our wishes as well. Photos during the season are acceptable. The only group chats for teams will be created by the coaches through GroupMe or Instagram (for athletes to share videos to the coaches). There will not be any other team based messaging.

## **Athlete Disciplinary Actions**

If an athlete does not comply with the rules of the handbook, the following actions will be taken:
