

KANGA HOPPERS™ CLASSES

What is Kanga Hoppers?

Kanga Hoppers™ is **Funtastic Gymnastics™** gymnastics program that is for children aged 2.5 to 5 and who have not yet started prep. The 50 minute Classes run during day-time from Mondays to Thursdays and are parent/child participation. Kanga hopper classes are mixed with both boys and girls.

The childrens' activities in this program are all active and gymnastic based. They help build self esteem, enhance their motor skills and expand their imaginations in making choices on what to do on different apparatus. The program is fun based but also we aim to teach how to approach and use the equipment correctly and safely.
