

All Evaluation videos will need to include the following information:

- Full name of athlete
- Athlete age as of 8/31/18
- Best contact number (parent's phone number if athlete is a minor)
- Where athlete is from (city and state)
- Name of the gym athlete competed with last season
- Level athlete competed last season
- Position in stunting (main, side, back spot, or flyer) note that front spot is not an option.
- Brief explanation of why you want to be a Top Gun athlete

After providing this information, you can move on to your skills portion of the video. This will need to include all of the standing and running tumbling that the athlete is able to perform without the assistance of a spotter on a standard spring floor. Any skills thrown with assistance (including skills thrown on a tumble track or rod floor) will not be judged and will not count toward the athlete's team placement. In the jump portion of the video, we must see 3 jumps connected to a tumbling skill. This will be necessary for all levels. We would also like to see the athlete demonstrate their ability as a base or a flyer. Please show your highest level of stunts, including all the body positions, mounts, and dismounts that you are able to perform with perfect technique. Please include your highest level of basket tosses as well. The final portion of the video needs to include a short routine that shows you performing at least one standing tumbling pass, one running tumbling pass, and multiple jumps to standing tumbling. This needs to be done to music with no video editing. *Your personality in your video will also be taken in to consideration.

Top Gun will not place you on a team or review your video if you have not completed the registration process or paid the evaluation fee in full.

Once complete, please send your video to anni@topguncheeranddanceorlando.com

ALL VIDEOS MUST BE RECEIVED BY MAY 10, 2018
