

Business Networking Group at the Cobb
Chamber of Commerce
Virtual Networking Meeting

Ramona Houston, Ph.D., PMP

“Social responsibility has become essential to every business strategy; however, many businesses may not understand how to bring their vision to life. “

[Kaliráh Strategies](#) is a boutique agency that helps business enterprises, professional athletes and entertainers to make a social impact. Its services are designed for businesses who lack the knowledge, time, staff and expertise to devote to social responsibility efforts, yet embrace their duty to contribute to society.

As the social impact arm for businesses, Kaliráh Strategies collaborates with clients to formulate their passions into clear initiatives, then takes those ideas to design, manage and execute their social impact strategy.

Join us as Ramona Houston, PhD, PMP, explains how Kaliráh Strategies can help your business to advance the social causes you believe in, strengthen your community, enhance your brand, and, most importantly, enrich your legacy. As you will discover, you can make money *AND* you can make impact!
