Subject of Action Item A:
H-2A CDL truck drivers in the sugarcane industry

Submitted by:
Commissioner Mike Strain, Louisiana

Text of Action Item:
NASDA urges the United States Secretary of Labor to recognize sugarcane as a commodity and to use his authority to fulfill the commitment of President Trump to our nation’s farmers by making the Department of Labor’s guest worker programs more accessible and easier for our farmers, including sugarcane growers, to use. Maintaining farmers’ access to H2-A CDL drivers for the final stage in harvesting sugarcane is essential to that commitment.
