The 25-minute financial literacy program features wacky characters from the Wild West like *Sheriff Carrie Gooper*, *Reginald the Cow*, *Blabby Daze*, *Wild Bill Hitchcock* and *John De Range*. Along with the in-school assembly, student workbooks, teacher guides, and online activities are provided to expand upon the educational content of the program.

Since 1978, The National Theatre for Children has dedicated itself to teaching young students about important and timely issues. As the largest touring theatre company in the world, our tested and approved methodology reaches two million students every year.
