Section 2 - Screen time & the brain

PROJECT

Feb. 13, 2015  Track either your screen time or that of your child. In order to track your child, be sure to have them involved and explain the importance of limiting screen time. When you are done, post the dates in which you completed this activity.

1  - Feb 16, 2015

Section 2 - Screen time & the brain

APPS

Feb. 13, 2015  Below are two apps that you could use with your kids to limit their screen time and productivity. Both are free and you are welcome to tell us about any more apps you set certain time limits on certain tasks. (See article on Parenting "[Apps that help parents control screen time](http://www.parenting.com/child-screen-time/app-list?mbid=synd_yahoo_rss)"

- 30/30 App
- Eye Timer App

What does Digital Citizenship really mean to you?
Digital Citizenship

- Digital Citizenship is a concept which helps us understand what all technology users should know to use technology appropriately.
- Digital Citizenship can also be described as “the self-monitored habits that sustain and improve the digital communities you enjoy or depend on.”
Why Digital Citizenship?

Making Digital Citizenship Relevant
“Social Media is like water. It’s everywhere and you can either teach us to swim or let us drown”

–Student
Basic Human Needs

- **Physiological Needs (Survival)**: Air, shelter, water, food
- **Safety and Security**
- **Social Needs**: Friends, Family
- **Esteem**: Self-esteem, Confidence, Achievement
- **Self-actualization**: Creativity, Problem Solving, Authenticity, Spontaneity

-WIFI
-LONGER BATTERY LIFE
Episode 5: SILC Voice Presents: MySelfie, MySelf - A Digital Citizenship Conversation

Is the Selfie Generation creating a more narcissistic one? Join the South Hills Student Innovation Leadership Committee (SILC) as they culminate the months Digital Citizenship Lesson: MySelfie, MySelf. This lesson was produced by Common Sense Media's Digital Bytes.
