

Google Apps for Education: Next Steps

9:45 - 11:00am - <http://goo.gl/MsduYS>

If you've adopted, or are considering adopting, Google Apps for Education you'll have a variety of new tools available to you for both instructional and administrative uses. This session focuses on the ways in which teachers and administrators are using tools including Google Drive, Google Forms, YouTube, Google Sites and Google Scripts to manage information, build portals, organize classes and professional development, connect with community members, and more.
