Bloom’s Taxonomy
(revised by Lorin Anderson)

Creating
Evaluating
Analyzing
Applying
Understanding
Remembering
Professionally Driven PD

Creating \( \times \) Evaluating \( \times \) Analyzing \( \times \) Frequency \( \times \) Time

- Decreased classroom management issues.
- Increased attendance.
- Increased homework completion rate.
- Increase in student achievement.

ENGAGEMENT

Share Your Learning: #tltechlive
Professionally Driven PD

Where are my students operating in the lower levels on a regular basis?

How do I move them to the upper levels?

Share Your Learning: #tltechlive
1. Should **NOT** be “tool” driven.
2. Question should be framed to have a positive effect on student outcomes (low>high).

The Neuqua Way

“Directions are instructions given to explain how.”

“Direction is a vision offered to explain why.”

Simon Sinek
