What do you do?

- Monitor time
- Virus protection
- Location of the devices
- Pop-up & spyware blockers
- Google yourself and kids
- Get the password and user name
- Person who pays the bill
- Rules
- Check the computer
Tips

- Never give out identifying information
- Get to know the services your child uses
- Never allow a child to arrange a face-to-face
- Social Networking, BLOGS
- "too good to be true"
- Reasonable rules and guidelines
Parent Document for Kids

- I will not give out personal information such as my address, telephone number, parent's work address/telephone number, or the name and location of my school without my parent's permission.
- I will tell my parents right away if I come across any information that makes me feel uncomfortable.
- I will never agree to get together with someone I "meet" online without first checking with my parents. If my parents agree to the meeting, I will be sure that it is in a public place and bring my mother or father along.
- I will never send a person my picture or anything else without first checking with my parents.
- I will not respond to any messages that are mean or in any way make me feel uncomfortable. It is not my fault if I get a message like that. If I do I will tell my parents right away so that they can contact the online service.
- I will talk with my parents so that we can set up rules for going online. We will decide upon the time of day that I can be online, the length of time I can be online, and appropriate areas for me to visit. I will not access other areas or break these rules without their permission.
- For further information on child safety, please call the National Center for Missing and Exploited Children at 1–800–THE–LOST (1–800–843–5678).
