GET CERTIFIED WITH THE CPH CREDENTIAL

The Certified in Public Health (CPH) exam is administered by the National Board of Public Health Examiners (NBPHE). Since 2008, more than 10,000 individuals have sat for the CPH exam. The CPH designation demonstrates that an individual has mastered foundational competencies in public health. CPH professionals raise the bar and enhance the public health profession through their exemplary academic and leadership skills.

CPH Exam Content

The Certified in Public Health (CPH) exam covers the areas of knowledge relevant to contemporary public health and general principles. The examination was crafted to assess a person’s knowledge of these competencies, regardless of his or her area of expertise.

CPH Recertification

Fully certified CPH candidates are required to earn 50 recertification credits and submit a $95 fee along with their recertification application every two years to maintain their CPH status.

Recertification credits can be earned in a variety of ways, including conferences, webinars, academic coursework, professional contributions (e.g. grant writing) and service activities. NBPHE offers digital badges for those CPHs that go above and beyond. Credits do not need to be earned by specific providers as long as the activity relates to one of the domain areas of the exam.
