

TRANSFER PORTAL

USER GUIDE

DIVISION I
DIVISION II

VERSION 5.0 - AUGUST 2022

The Transfer Portal is an NCAA application to systematically manage the transfer process for Division I, II and III student-athletes. The portal is the first step in the application of the Division I and II notification of transfer and Division III permission to contact.

Students are entered in the portal by a compliance administrator or designee. The student's record is then managed by the compliance office, including the transfer tracer. The transfer portal also features search navigation, email notifications and integration with other NCAA systems.

A single-source sign-on (SSO) administrator can provide edit or view only privileges for transfer portal users. When providing access to the transfer portal for coaching or staff members, by default, the individual will have view only privileges. Edit privileges should only be provided to individuals who will enter and update the student's record.

This User Guide supplements other educational resources located in the transfer portal resources section.

Google Chrome is the recommended browser to use the transfer portal.

An orange reminder box is overlaid on the table, containing the following text:

REMINDER: A student-athlete in the education module list does not mean the student-athlete requested notification of transfer.

This simply means the student-athlete completed the required education.

The student-athlete must provide a written notification of transfer before the student-athlete is entered in the transfer portal.

At the bottom of the reminder box is a green button labeled 'Ok, got it!' and a hand cursor icon.

You can click on the Education Module List to verify the student's completion of the required education.

This list is only visible to transfer portal edit users and only your institution's students will appear in your list.

When a coach logs into the transfer portal and clicks on OTHER TRANSFERS, the coach will see all students in all sports in the transfer portal.

A coach can narrow the list to only his or her sport by selecting the sport in the sport filter. A more narrowed search can also occur by searching or filtering any column. See a coach's user settings on the next page.
