

PERMISSIBLE DATES - DATES AVAILABLE TO DI COACHES:

Dates on which Division I coaches may attend events are outlined in the following:

[Men's Basketball Recruiting Calendar](#)

[13.1.7.8.1 – Men's Basketball Evaluations](#)

[Women's Basketball Recruiting Calendar](#)

[13.1.7.8.2 – Women's Basketball Evaluations](#)

CERTIFIED DATES:

No date of competition will be certified unless it appears on the detailed playing schedule. Please note that the event is certified only for the dates identified in your approval letter.

Although it is possible that an event may operate for an extended period of time, Division I coaches may only attend on the dates identified in the event approval letter.

Note: If a summer activity receives both event and league certifications, it is possible that the activity may operate until August. However, since there is not a review form requirement associated with league certification, the three month requirement will be based on the last certified event date in July. Again, the specific deadline date is identified in the event application approval letter to avoid any confusion.
