

SEPARATION OF NCAA COACHES:

Division I basketball coaches are prohibited from having any kind of contact, directly or indirectly, with a prospective student-athlete, the prospective student-athlete's relatives or legal guardians, the prospective student-athlete's coach or any individual associated with the prospective student-athlete during the time period in which the prospective student-athlete is participating in an event. An event operator must take reasonable precautions to prevent impermissible contact with NCAA Division I coaches during a certified event. See: [Minimum Precautions](#).

Most common, events should have a separate seating section for NCAA coaches. Make sure that your athletes and their families know that they are not to sit in the designated NCAA coaches section and to protect the eligibility of the athlete, they should not engage in any communications with NCAA Division I coaches.
