Ethnicity	N
Institution	Nova Southeastern University
Conference	Sunshine State Conference

Qualification Statement	After receiving my Doctor of Science in Physical Therapy from the University of Maryland in 2007, I became more aware of the need to follow a guided academic program to reach all educational goals. As a coach at NCAA Divisions I, II and III, I have been greatly involved with the proper course of action to progress in the academic system. I also have certainly experienced the trauma suffered by many student athletes who are eneligible to follow their individual dream. Academic requirements for admission and graduation need to be easily accessible to assure all student athletes follow the correct progression to graduation. There needs to be a method of dealing with international students and the English language with penalizing the potential student athlete. I am a strong believer in rules but I also feel very strong about understanding international education to apply waivers when warrented.
Committees Served On	Nominated but not appointed, in the past.
