| Qualification Statement | For several reasons, I will be a great addition to this committee. First and foremost are my experiences performing the committee's main duties – ranking teams and running championships. I have ranked teams in the sport of Women's Basketball, and worked all rounds of various NCAA Championships. Most notably, I was Tournament Director for the highly successful 2008 FIELD HOCKEY CHAMPIONSHIPS. I possess strong leadership and organizational skills, and my attention to detail is second to none – skills which help me run efficient and effective meetings. My years of Field Hockey event management will also be an asset. Finally, working at BU allows me to work with some of the best in the profession. Jan Hutchinson is a tremendous source of knowledge within the sport, while Mary Gardner has tremendous NCAA committee experience for me to draw upon. Being selected for this committee will fulfill one of my career goals, and start a long career of service to the NCAA. Thank You! |
| Committees Served On | While I have not yet had the chance to officially serve on an NCAA committee, I have been able to work closely with various committees while putting on several first-class NCAA Championships. Additionally, my responsibilities with DIII Women's Basketball in 2005-2006 (described above) were equivalent to being on that committee. Finally, in 2004 and 2005 I had the unique opportunity to assist the NCAA Men's Basketball Rules Committee in investigating the possibility of an extended three point line. After inputting game data and running statistical analyses, I prepared one of the presentations that eventually led to the adoption of the new men's three point line. |
