

Colleagues,

Like you, the national office leadership continues to monitor how COVID-19 is evolving in the United States. As you know, we have already canceled all remaining NCAA winter and spring championships. We have also implemented the following precautionary measures through **May 31**:

- Conduct **all** NCAA Board, Council and committee meetings remotely.
- Offer May and June NCAA Regional Rules Seminars remotely.
- Cancel NCAA events including Achieving Communications Success, Basketball Coaches Academy, two Champion Forums, Career in Sports Forum, Inclusion Forum, Student-Athlete Leadership Forum and the Division II SAAC Super Regional.

More information on remote meetings is forthcoming. Further, to protect the health of national office staff, we have taken the following additional measures through **April 3**:

- Suspend building operations and conduct business remotely.
- Suspend all domestic and international business travel.

Please note that while building operations are suspended, the services provided by the NCAA national office remain the same. Staff will continue to perform their duties and provide the same level of service to the membership. I encourage you to share these updates with your staff on campus to ensure they know that national office staff members are available to assist them. We continue to monitor the situation and will keep you updated on any further changes to national office operations.

Wishing you health during this difficult time.

Warmest Regards,

Donald M. Remy
