IN THE EVENT OF ANY CONFLICT OR INCONSISTENCY BETWEEN THE SPECIFICATIONS THAT FOLLOW AND ANY SUCH SPECIFICATIONS IN THE GENERAL BID SPECIFICATIONS DOCUMENT, THE FORMER SHALL PREVAIL AND GOVERN THE MATTER.
SECTION I: INTRODUCTION

The National Collegiate Athletic Association ("NCAA" and/or "Association") is pleased to provide to member institutions/conferences the opportunity to submit a proposal to host one or more NCAA championships.

The information contained in this document and the accompanying attachments provides the minimum bid specifications for hosting any of these championships, as well as essential information that will provide assistance in the development of a creative, comprehensive and competitive bid proposal. The NCAA awards the privilege of hosting an NCAA championship to institutions’ several years in advance so those communities may work collaboratively with the NCAA to create positive experiences for its student-athletes, participating institutions, fans and the community.

A member institution or member conference of the NCAA must be designated as the host institution/conference for the championship. The administration of the championship is under the authority of the respective sports committee subject to final authority from the NCAA Championships Committee. All activities and events associated with the championship are to be approved by the sports committee.

2023: May 16-20, 2023  
2025: May 13-17, 2025  
2026: May 12-16, 2026

The NCAA Division II Women’s Golf Championships will consist of both team and individual competition conducted concurrently. The top twelve (12) teams and the top (6) individuals not with a team will be selected from each region to compete in one of four 54-hole regional tournaments. The top four (4) teams, plus the top four (4) individuals not with a team from each regional will advance to the finals. Tiebreakers and playoffs will be used to determine advancement to the finals.

At the finals, all 16 teams and 16 individuals will complete 54 holes of stroke play. Following 54 holes of stroke play, an individual champion will be declared along with finishers 2-10. The top eight teams after 54 holes of play will be placed into a bracket and seeded based on 54-hole scores. The pairings for the quarterfinals will be Seed #1 versus Seed #8, Seed #2 versus Seed #7, Seed #3 versus Seed #6 and Seed #4 versus Seed #5 competing in head-to-head medal play (stroke play over 18 holes, with the individual with the lower score winning one point for their team).

Each team match will consist of five points with one point being awarded for each individual match. Winning teams will advance to the semifinals and subsequently the finals. Each individual match will be played to its completion and the first team to win three points within the team match will advance, or in the case of the final match be declared the national champion.

In the event that a team match is tied after all five individual head-to-head matches, the total strokes of the five players from each team will be calculated with the winning team having the fewest strokes. If still tied, a sudden death playoff will occur with all five scores counting from each team to determine the advancing team. Lineups, for pairing purposes, in the head-to-head medal play portion of the championship will be determined by the head coaches, using a “Presidents Cup” selection style to determine the lineups, beginning with the higher seeded team as determined through 54-hole stroke play competition. Ties for eighth place will be broken by a sudden-death playoff outlined in this manual. Ties within the top eight will be broken using the non-sudden death tiebreaking procedures outlined in this manual. Pairings for both the stroke play and head-to-head medal play portion of the finals can be found at ncaa.org on the Division II Women’s Golf page.

The women’s golf committee has the ability to implement an administrative cut after 36 holes of play to the top 15 teams and top six individuals not on those teams. The administrative cut will only occur after all other options to complete 54 holes of play by all 96 participants have been exhausted.

(The championship format and schedule is subject to change.)

SECTION V: LODGING

The NCAA has partnered with Anthony Travel, Inc. to manage the NCAA Championship Housing Program and all championship housing needs. Anthony Travel serves as the housing partner for hundreds of events annually and, through strong relationships with various hotel brands, is able to deliver the appropriate mix of amenities, location and price for hundreds of thousands of room nights each year. Utilizing their expertise, Anthony Travel will be responsible for managing the selection and contracting process for all championship housing accommodations.

Housing will be required for all participating teams, NCAA staff, committee members, media, game officials, and other special guests as designated by the NCAA. Separate hotels are needed for the NCAA, media, officials and participating teams unless specified otherwise by the NCAA. It may be permissible for the media or game officials to be assigned to the same property as the NCAA headquarters hotel. (Game officials and teams may not stay in the same hotel.) Efforts will be made to provide some deference to the official corporate champion/partner in the hotel category (should one exist at the time of contracting) of the NCAA. While hotels are the primary housing offerings that will be contracted, alternative options may be considered in certain situations.

Bids will be awarded contingent upon the successful negotiation of housing needs at reasonable rates. Failure to secure such reasonable rates and properties may result in rescinding of the bid award.

Host Institution/Conference/Sponsoring Agency Obligations. The host institution/conference or sponsoring agency must guarantee sufficient housing is available to meet the room block needs identified in the Sport Specific Bid Specification. Rooms should not be secured or contracted nor should rates be discussed with specific properties, unless requested to do so by the NCAA.

Bid responses may highlight any recommended properties Anthony Travel should consider when contracting. Properties considered by Anthony Travel and the NCAA must meet the required service levels, room type needs, amenities, and proximity to venues required by the specific championship. Bid responses should disclose any special relationships, agreements and/or financial arrangements you may have in place with the recommended properties. Anthony Travel will take into consideration all recommendations when selecting hotels; however, guarantees cannot be made that contracts will be secured with these properties.

The Contracting Process. During the bid evaluation process, the host institution/conference or sponsoring agency may be contacted by Anthony Travel to obtain additional information on their housing recommendations. Once the bid is awarded, Anthony Travel will manage a request for proposal (RFP) process to evaluate, secure and contract all hotels for the necessary room blocks and sports specific housing needs. Housing recommendations provided in the bid specifications will be taken into consideration; however there is no guarantee that these properties will be contracted. Prior to being finalized, housing recommendations will be presented to the NCAA to obtain feedback/input. All hotel contracts will be drafted using a standard contract template and signed by the NCAA. Information related to the room blocks and housing will be communicated on a timely basis to the host institution/conference or sponsoring agency and the participating teams. Each team will be responsible for making their housing reservations and providing final rooming lists. In making housing arrangements, NCAA rules state once the teams/qualifiers have been determined
and assigned to their hotel, the reservations should be reconfirmed in the names of the institutions; and thereafter, the institutions shall be responsible for the reservations. Participating institutions are ultimately responsible for the rooms reserved by the NCAA / Anthony Travel.

Please refer to sport-specific bid documentation for additional specific championship housing needs and expectations. A sample housing contract has been included in this document.

The host is responsible for designating a headquarters hotel and reserving an adequate number of rooms for participants (4 rooms per team, with a minimum of 3 double/doubles and 2 rooms for individual players), NCAA representatives and officials.

The host institution will advise institutions that it is their responsibility to confirm the hotel reservations and provide rooming lists. Please advise the hotel that participating institutions may not contact the hotel before the selection date.

Rooms should be reserved for the night prior to the practice round. It is possible that a team/individual may not arrive until the day of the practice round or arrive two days prior to the practice round and the hotel should be informed of this situation.
