IN THE EVENT OF ANY CONFLICT OR INCONSISTENCY BETWEEN THE SPECIFICATIONS THAT FOLLOW AND ANY SUCH SPECIFICATIONS IN THE GENERAL BID SPECIFICATIONS DOCUMENT, THE FORMER SHALL PREVAIL AND GOVERN THE MATTER.
SECTION I: INTRODUCTION

The National Collegiate Athletic Association ("NCAA" and/or "Association") is pleased to provide to member institutions/conferences the opportunity to submit a proposal to host one or more NCAA championships.

The information contained in this document and the accompanying attachments provide the minimum bid specifications for hosting any of these championships, as well as essential information that will provide assistance in the development of a creative, comprehensive and competitive bid proposal. The NCAA awards the privilege of hosting an NCAA championship to institutions several years in advance so those communities may work collaboratively with the NCAA to create positive experiences for its student-athletes, participating institutions, fans and the community.

A member institution or member conference of the NCAA must be designated as the host institution/conference for the championship. The administration of the championship is under the authority of the respective sports committee subject to final authority from the NCAA DII Championships Committee. All activities and events associated with the championship are to be approved by the sports committee.

The championship currently provides for a field of 64 teams. Eight regional championships will be conducted at the site of participating institutions the week prior to the finals. The winner of each regional championship will advance to the finals. Competition at regionals and at the finals will be single-elimination, best three-of-five-set matches.

Please note: *Should the Division II Women’s Volleyball Championship be played in conjunction with the Division I Women’s Volleyball Championship, the Division II site may host only the quarterfinals and semifinals of the Division II Women’s Volleyball Championship. If this were to occur quarterfinal games may be played on Thursday with semifinal games on Saturday.*
SECTION III: GENERAL FACILITY REQUIREMENTS

1. The Americans with Disabilities Act, which went into effect January 26, 1992, requires that public establishments offer equal access and services to people who are physically and mentally disabled. The facility must agree that it will be in compliance with all applicable city, state and federal regulations concerning access and seating for people with disabilities.

2. The facility must be in compliance with the current NCAA Women’s Volleyball Rules.

3. The host/facility must have a comprehensive security/emergency-situation plan.

4. The facility must have a combination of permanent and temporary seating to accommodate at least 1,500 spectators. The facility must be modern, clean and accessible. Conditions must meet NCAA regulations and must be of championship caliber.

5. The competition facility shall be ready for competition and reserved for the exclusive use of the NCAA for the purpose of preparing for; practicing for and conducting the competition from at least noon local time two days prior to the start of competition until the conclusion of the final match. During that period of time, the facility will be clean and accessible, and playing conditions must be safe and of championships caliber. The championship should be the primary event in the facility and other activities should be moved to accommodate the championship.

6. The NCAA will have exclusive rights to use all meeting rooms, private clubs and restaurants in the facility during the term of this agreement. All such space will be provided to the NCAA at no cost.

7. The facility will not enter into any agreement or understanding that would permit any corporation or other third party to be entitled to hospitality, entertainment or temporary signage privileges in the facility and surrounding area (i.e., parking lots, frontage property and any other adjacent areas that the facility may provide to the NCAA).

8. The facility will not be materially modified in a way that would reduce space available to the public in the aisles, entranceways and hallways without the NCAA’s prior consent.

9. The NCAA and its designated representatives shall have the right, with no obligation to make any payments to the facility or its concessionaire or any other third party, to provide food and beverages of its choice in the media refreshment area, other working areas and locker rooms at the facility.

10. The playing floor and competition area must meet all specifications as outlined in the current year’s NCAA Volleyball Rules Book.

All NCAA Division II championship matches must be played in a facility with a volleyball net system anchored and supported with a sleeve below the playing surface by using one of the following methods: a sleeve mounted into the concrete, a sleeve mounted to a steel plate that attaches to the concrete floor by means of an anchor with a minimum 10,000 pound pull out rating, or a sleeve with 1,500 pounds of counter balance.
Portable net systems of any kind, or ceiling mounted net systems are not acceptable.

11. The NCAA specifically disclaims any responsibility to investigate the safety or code compliance of the facility and parking lots or the component products, equipment, materials, designs and constructions.

12. The host must provide the following additional space at its expense with all areas subject to the approval of the NCAA:

   a. Four separate secure locker room areas that are of comparable quality within the facility (with restrooms within the locker rooms) for the participating teams.

   b. A locker room for the officials separate from the team locker rooms. This locker room should include showers and restrooms. It is preferred that two separate locker rooms are available (one for men, one for women).

   c. An athletics training area with adequate modalities (ice, electronic stimulation, ultrasound, hydrocollators, tape, etc.) for student-athletes within or immediately adjacent to the competition venue.

   d. Media work space with appropriate lighting, power, seating, hardwired internet connections, etc. for media working the championship.

   e. A separate post-match interview area within the facility. Set-up includes:

      • Room large enough to accommodate NCAA press conference back-drop;
      • 1-2 skirted tables at the front of the room and 3-4 chairs at the tables; preferably on a raised platform.
      • Enough chairs to accommodate media, host staff and NCAA committee media liaisons;
      • Area for camera and set-up for streaming the press conferences.
      • Microphone for student-athletes and coaches.

   f. A room with a waiting area, toilet facilities and a minimum of 500 square feet of space for drug testing.

   g. Separate hospitality areas for participants, event personnel, officials, and the women’s volleyball committee/VIPs. Hospitality area for the committee should be immediately adjacent to, and preferably in view of, the competition court.

   h. Private meeting space for the use by the NCAA committee, within or immediately adjacent to the competition area.

   i. Banquet facilities near hotels/facility with a seating capacity of 250-325. The banquet facility must also have room for pre-championship press conferences.
j. Officials meeting area, with seating, to comfortably accommodate referees (4), line judges (4), an officials coordinator (1), official scorer (1), assistant scorer (1), and committee members (1-2).

k. Area to accommodate broadcast/web streaming equipment and personnel.

l. Head scorer’s table with enough room and seating to accommodate all necessary personnel. Hardwired internet connections should be available for every seat. Wireless internet is also highly recommended in the competition area but does not take place of the hardwired connections.

13. Each participating team must be provided a minimum of 55 minutes of practice time on the competition floor the day prior to competition. All official team practice sessions will be closed.

14. The host must keep statistics and provide updated set-by-set and comprehensive statistics to each team bench, head table personnel, committee members and the media immediately following each set of each match. It is recommended in-match statistics are provided to the team benches by use of electronic tablets. The host must also provide statistics necessary for the committee to evaluate student-athletes for All-Tournament team recognition.

15. The facility shall provide at least one main electronic scoreboard. A second scoreboard and/or videoboard are preferred.

16. The facility shall provide, at its expense, the equipment and personnel necessary to support a Challenge Review System (instant replay).

17. Commercial Advertisements/Signage

   a. The facility will not permit any advertising, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the competition area (i.e., any place that can be seen from the competition floor or stands), including the scoreboard, other than NCAA banners and television and radio banners as approved in advance by the NCAA. Any permanently affixed (or previously leased) advertising, banners, signs or displays in the competition area must be removed or covered by the facility at its expense, as designated by the NCAA. This includes, but is not limited to, the following:

      (1) Lighted advertising displays or dioramas.

      (2) Advertising displays for lotteries, casinos or organizations promoting open sports book gambling.

      (3) Banners, signs, displays or advertising mentioning or promoting any professional sports organizations.

      (4) Advertising displays for liquor, tobacco, beer or wine products.
b. The facility will agree that, other than permanent advertising signs outside the facility proper, it will not allow any promotional, public relations, political or advertising activity in the facility area during the time the facility is leased to the NCAA without the express written consent of the NCAA.

18. The facility shall provide complimentary parking spaces for the participating teams, NCAA representatives and officials in prime locations. Parking for the banquet should be provided as well.

19. The facility shall provide, at its expense, tables, chairs, skirting, bunting and pipe-and-drape for all areas described herein as required by the NCAA.

20. The facility shall be responsible for and pay the costs of the coordination and installation of interior and exterior decorations.

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting “Yes” below.

☐ YES  ☐ NO  ☐ NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either “No” or “No with Exception” and declare any issues and/or exceptions regarding the aforementioned terms. Please note: any proposed revisions to the language in this document must be specified in the bid portal to be considered.
SECTION IV: LODGING SPECIFICATIONS

General Guidelines:

Housing will be required for all participating teams, NCAA staff, committee members, media, game officials, and other special guests as designated by the NCAA. Separate hotels are needed for the NCAA, media, officials and participating teams unless specified otherwise by the NCAA. It may be permissible for the media or game officials to be assigned to the same property as the NCAA headquarters hotel. (Game officials and teams may not stay in the same hotel.) A minimum of three separate hotels is recommended for the NCAA, officials and participating teams. If separate hotels are not available, the NCAA staff and committee members may be housed in the same hotel as the officials. If multiple hotels are reserved for the teams, all hotels shall be of comparable quality and in close proximity to the facility. Efforts will be made to provide some deference to the official corporate champion/partner in the hotel category (should one exist at the time of contracting) of the NCAA. While hotels are the primary housing offerings that will be contracted, alternative options may be considered in certain situations.

Bids will be awarded contingent upon the successful negotiation of housing needs at reasonable rates. Failure to secure such reasonable rates and properties may result in rescinding of the bid award.

The host institution/conference or sponsoring agency must guarantee sufficient housing is available to meet the room block needs identified in the sport specific bid specification. Properties must meet the required service levels and be in reasonable proximity to the event venues. Rooms should not be secured or contracted nor should rates be discussed with specific properties, unless requested to do so by the NCAA.

Bid responses may highlight any recommended properties Anthony Travel should consider when contracting. Specifications should also disclose any special relationships, agreements and/or financial arrangements you may have in place with the recommended properties. Anthony Travel will take into consideration all recommendations when selecting hotels; however, guarantees cannot be made that contracts will be secured with these properties.

All hotels contracted must have experience with and understand the needs of large groups. For certain championship events, additional room blocks may be required for fan travel.

The NCAA or its designees shall have the exclusive right to sell products licensed by the Association for merchandising at the selected hotels (inside and outside the premises controlled by the hotels). The hotel will provide adequate space in its lobby for such sales.

Contracted properties will be responsible for complying will all requirements in the contract terms as presented in the sample contract.
