For more information related to the COVID-19 pandemic, visit the following resources on the NCAA’s COVID-19 webpage:

2. Resources on actions taken on Division III regulations and policies: Division III Administrative Committee Actions since March 13 and Approved Blanket Waivers for NCAA Bylaws impacted by COVID-19.

Since the COVID-19 impact is a fluid situation, I wanted to share some key updates, to date, regarding the 2020-21 Conference Strategic Grant.

2020-21 Conference Grant Spending.

The first four bullets below reflect current Conference Grant policies and procedures and are to serve as a reminder.

- Conference Grant spending must meet current policies and procedures.
- Per the current policies and procedures, any spend beyond the listed pre-approved items must have prior approval by the conference grant administrator, Ali Spungen.

2020-21 Conference Grant Rollover Policy.

- A conference may retain unused funds in excess of $1,000 (beyond $301 in any single tier) provided that the conference submits a detailed plan in the Impact Form (due Aug. 1) regarding how the excess funds will be used and the Strategic Planning and Finance Committee approves the plan. Any funds beyond $1,000 unspent, without an approved rollover plan, at the end of the subsequent year will need to be returned to the NCAA.

- Funds may only be rolled over within the Tier (e.g., Excess fund from Tier One, must be rolled over to Tier One).
2020-21 Flexibility Actions (as of Oct. 1, 2020)

- Continue to provide flexibility in Tier Two and Tier Three funds (e.g., unspent Tier Two funds may be spent on preapproved items in Tier Three). For instance, if a conference has spent all its Tier Three funds, conferences may use Tier Two funds for Tier Three provided the funds are spent in a manner consistent with grant policies and practices. Per Conference Grant policies and procedures, it is already permissible to use Tier Three funds on permissible Tier One and Tier Two initiatives.

Tier One

- Conferences that received rollover funds for 2020-21 be granted a one-year usage extension to August 1, 2022.

- Conferences may use Tier One funds on any preapproved grant expense in 2020-21 grant cycle only.

  Per conference grant policies and procedures, conferences must still:

  Meet the requirement that at least $200 per institution is spent on Student Athlete Advisory Committee (SAAC)

  Spend no more than 25% of Tier One funds on conference office personnel.

- In order to allow conferences to conduct programming for constituent groups (e.g., FARs, SWAs), the policy of conducting conference-based events/programming once every three years, has been waived for 2020-21 grant cycle.

Officiating

- In 2020-21, it will be permissible for conferences to use either Tier Three (Officiating) or Tier Two (Student-Athlete Well-Being) funds to help cover COVID testing for basketball and football officials as recommended by the COVID-19 Medical Advisory Group.

- In 2020-21, Tier Three officiating funds may be used to offset additional assignor fees.

Pre-approved “Other” uses for 2020-21

Tier One

- SAAC funds to provide leadership education for institutional SAAC leaders. Examples are as follows: Provide campus SAAC officers with 2-3 leadership sessions, then follow-up with a conference-wide session with all campus officers, including the conference SAAC reps. Provide campus-only SAAC leadership program/seminar.
Tier Two

- Tier two funds (Student-Athlete Well-Being – Academic Awards) to cover expenses for schools to start or continue chapters in Chi Alpha Sigma.

Permanent Conference Grant Policy Updates

Tier One

- Printing of NCAA Manuals is now a pre-approved item under Compliance and Rules Seminar Education.

- In addition to Women Leaders membership dues for campus SWAs (and conference office staff), CoSIDA membership dues are now a pre-approved item in Tier One for campus SIDs (and conference office staff).
