Missing statistics from a regular season tournament shall be considered a missing statistical report for the host institution, regardless if the host competed (other participants of the tournament shall not be considered to have a missed statistical report the first week, but the following week shall be considered to have missed a statistical report if still missing). Note: If the host sent files to opponents and opponents failed to update the files in time, the host shall not be penalized.

For statistical purposes, any individual receiving two cautions in the same game shall be charged with one yellow card and one red card for accumulation purposes.

The Committee shall also review any player who receives a yellow card in each of the first two matches to determine whether the player/coach shall be allowed to participate in the team's next match. After the review, any player allowed to play who subsequently receives a caution while competing in their next match shall be immediately removed from the contest for the duration of that match, and a substitute may be inserted in their place. The player would be deemed ineligible for the event from that point and until the conclusion of the tournament.

II. POWER POINTS

A. The sum of the criteria of Nos. 1-2, multiplied by the sum of Nos. 3-5 determines power points for a game. The maximum points for a contest are 13.325 (win on the road against 1.000 NCAA I Top 25 team). The minimum points for a game are 0.5 (loss at home against .199 or lower other countable opponent).

B. The power rating is determined by adding the power points for the regular season and dividing them by the number of games (to the third decimal place). Postseason contests shall not be included.

III. FORFEITS

Forfeits awarded for completed contests shall count toward power ratings (with the results points multiplier being calculated as a 1-0 result for all sports regardless of the official forfeit scoreline for that sport) and the minimum number of games requirement for inclusion in power ratings (e.g., ineligible player, conduct issues, etc.). Forfeits awarded for games not played shall not count toward power ratings or the minimum number of games requirement for inclusion in power ratings (e.g., teams not showing up, not honoring contracts, etc.).

IV. REPORTING

The National Office shall calculate each school's power rating. Each institution and region is responsible for reviewing the release to ensure their rating's accuracy. See sport handbooks for reporting dates and how power ratings are used within each sport. Power ratings shall be released by Wednesday evening per each sport's reporting dates. See region handbooks for how ratings are used within the region. Visit www.thenccaa.org/handbook.

*Opponent's winning percentage and national ranking shall be through the Sunday before the reporting date. When a report is released, winning percentages and rankings for that report, will not be updated for future reports. National rankings only include teams within the rankings. Teams who receive votes are not considered ranked.

A final power rating shall only be given to teams who meet the minimum number of games requirement for the specific sport. Each sport has a progression of min. number of games (listed below) to be included in each rating that is released. (R1=Report 1, etc.)
Baseball - R1=10, R2=13, R3=16; Basketball - R1=12, R2=15, R3=18; Soccer - R1=8, R2=10; Softball - R1=10, R2=13, R3=16; Volleyball (M) – R1=7, R2=8, R3=9; Volleyball (W) - R1=10, R2=13, R3=15.

Appendix D
DII Men's Soccer All-American Voting Procedure

1. All-Regional Teams shall be selected and submitted to the National Chair before the NCCAA National Championship. The regional team shall be listed both in rank order from most points to least as well as in rank order by position. All ties must be broken. The National Chair shall distribute the All-American nomination information pages to all coaches at the start of the National Championship. This gives Regional Chairs statistics and also a page to take notes on all the nominations.
2. All nominations to the All-American process shall come from the All-Regional Team selections.
   a. The NCCAA shall recognize an NCCAA All-American First Team. An 11-member squad shall be selected comprised of one goalkeeper, three forwards, three midfielders, three defenders, and one optional position.
   b. The NCCAA shall recognize an NCCAA All-American Second Team. The Second Team shall be an 11-member squad comprised of one goalkeeper, three forwards, three midfielders, three defenders, and one optional position.
3. The All-American Committee shall vote during a meeting or conference call scheduled by the National Chair with a member of the National Office present and assisting where needed. Regional voters not able to attend or participate shall join the meeting via a conference call.
4. The voters shall be the Regional Chair. An order of nominating by region shall be determined by the National Chair (e.g., West first, Central second, etc.).
5. The Committee shall discuss each position and then write down their votes on the provided ballots. Each year, the committee shall start with a different position. The process shall begin with each regional representative nominating the top players from his/her region. The representative shall briefly (30 seconds to 1 minute) discuss the nominations. Regional representatives are responsible for doing any necessary research of individuals on the All-Regional Team and be fully prepared to promote each individual. Players must be nominated in the rank order of the selection of the regional team.
6. Then the regional representatives shall each vote for their top 11 players. Voting by the regional representative must be in the rank order of the region. Voting can occur in a couple of ways. They can share their vote verbally to the chair who records it, or an electronic method can be determined to have vote emailed or texted to the chair.
7. The optional player vote shall include the highest rated player from the highest vote getter not selected from each position vote. A vote for these four players shall be held to make the last selection. Region rank must still be followed. If there is more than one player from the same region in this vote, the lower ranked player(s) shall be eliminated from the vote.
8. The chair shall tabulate the vote and share with the voting members the total points for each nominated player. Points are allocated to players from highest to lowest (e.g., four players nominated for a position, top player receives 4 points, second 3, third 2, etc.). The top number of players to fill the number of slots designated for the First Team shall earn First Team honors.
9. The votes are openly reported to the committee as they are received, then the coaches involved shall be updated.
10. In the event of a tie in any position, there shall be an additional vote to break the tie. If a tie remains after additional voting, further analysis and discussion shall occur and another vote shall be conducted. If a tie remains after this additional voting, the tie shall be broken by the National Sport Chair, unless involving his/her student-athletes, in which case the National Vice-Chair shall break the tie.
11. The Player of the Year shall be voted on after the full All-American Team selections. The top vote getter from each position (forward, midfielder, defender, goalkeeper) shall be reviewed again, and then another vote shall be taken to determine the Player of the Year. Region rank must still be followed. If there is more than one player from the same region in this vote, the lower ranked player(s) shall be eliminated from the vote.
12. The All-American Second Team selections shall proceed in the same manner as the First Team.
13. There are no honorable mention teams in the NCCAA.
14. Once the team is selected, it is reviewed by the sport leadership and the National Office before being announced on the NCCAA website.
