

NCP's EASY AND COMPLETE 6 STEPS LLC OR CORPORATION FORMATION PROCESS

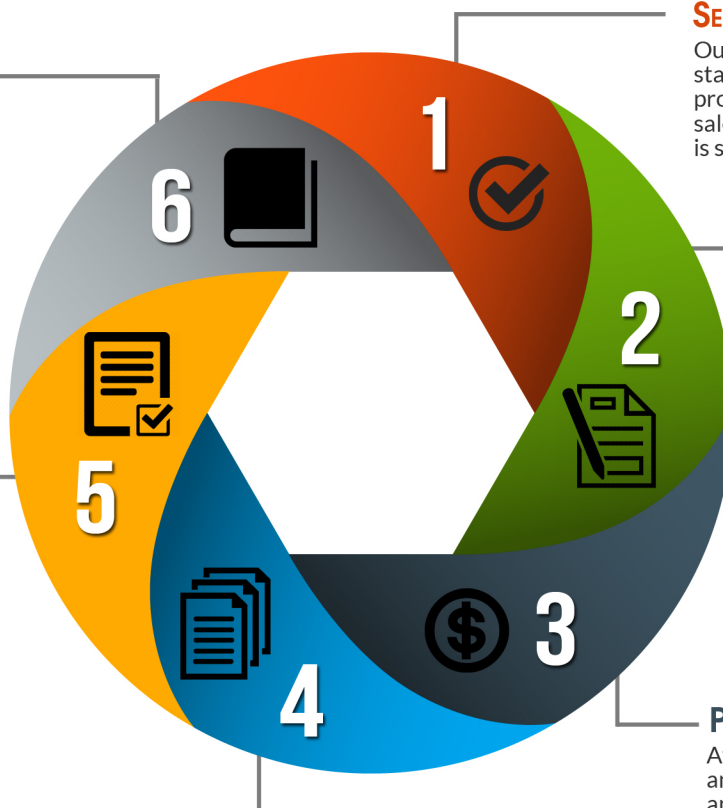

NCP
Complete Business Formation

RECORD BOOK COMPLETED

Your entity record book includes the corporate operating agreement/bylaws, minutes and meetings, resolutions, membership/stock certificates and stock ledger. All documents will be shared in a folder and the physical record book will be shipped to you. U.S. shipping is included. When your entity record book arrives, follow our easy videos and written instructions to complete each section including issuing stock or membership interests.

EIN OBTAINED

Once your articles are filed and you sign the SS4 application our team will apply for the EIN with the IRS and notify you when it is obtained. Any additional tax filings (2553 or 8832), if required, will be shared with you to review and sign before we file with the IRS.

SELECT A 50 STATE PACKAGE

Our LLC or Corporate incorporating packages start with a complete formation, one that will provide real protection. Optional support for sales tax compliance and tax and bookkeeping is separate.

WATCH WHICH STATE & ENTITY VIDEO & COMPLETE WEB FORM

You will receive access to our powerful video training covering which entity and state is best followed developed by our CEO. The video training will cover the factors to consider to help you determine which state and entity is best. You will have access to our web form with detailed video instructions on submitting your entity formation information to our team for review.

PAYMENT OF STATE FEES

After selecting which state and entity is best and submitting our web form, you will receive an email with a payment link to pay the state fees for your entity filing.

FILE ARTICLES WITH THE STATE

Once we receive your return email verifying your information, our customer service team will check your name for availability at the state and federal level and file your articles. Included is the first year registered agent service and support.
