Dear Praying Partners:

A MATTER OF PERSPECTIVE

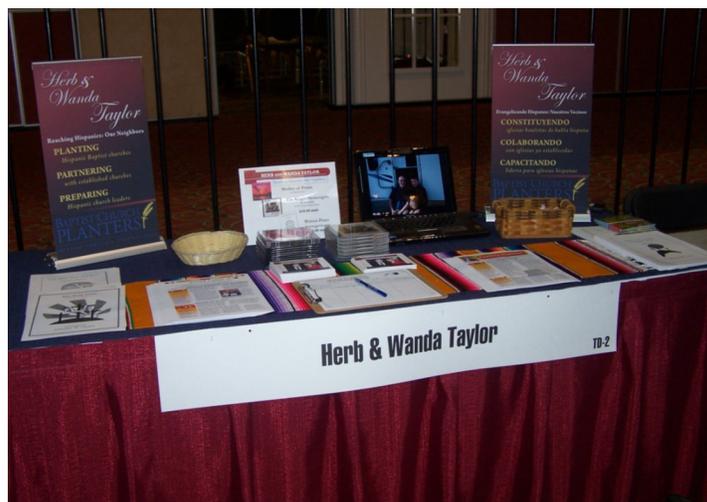

Here are a few recent quotes that share our "perspective" as we travel on deputation.

"Yeah, we get to do laundry!" No kidding, we found ourselves saying those words recently when a pastor offered us the use of the washer and dryer in their missionary guest house. It was so nice to be able to do laundry without having to go to the laundromat. We even washed all the bedding and rugs. Now, that was a blessing!

"We need to look at Hispanics through the eyes of Scripture and not through the media." Here's a perspective that we stress every week. Until we look at ethnic groups through the eyes of Scripture we won't have the heart to reach them. We are seeking to "educate" about this perspective every week in each church.

"Praise the Lord, it's only \$1,500 in repairs!" Who would think that we would actually rejoice in a \$1,500 truck repair bill but when the original estimate was between \$2,000 and \$2,500, the final \$1,500 bill looked much better. Putting it in "perspective", we trusted and rejoiced!

"You really gave me a lot to think about." We often hear statements similar to this each week when we present our power point presentation, "Reaching Hispanics: Our Neighbors". After urging Christians to look Biblically at Hispanics and other ethnic groups, it's amazing to see how God changes their perspective!

We recently ministered at the Keystone Christian Educator's Conference in Lancaster, PA where each of us led in two workshops. We sought to share the Biblical perspectives on reaching Hispanics and encouraging spiritual development in our young people. We pray that some were challenged to think more from a Biblical perspective!

LANGUAGE SCHOOL ANNOUNCEMENT:

We have decided to return to language school in Costa Rica for the months of January through April. Lord willing, this should give us the language "perspective" that we need to better communicate in Spanish. We praise the Lord for the necessary funds for this time of training that the Lord has already supplied and we look forward to seeing what He will do in the future.
