the time the student is admitted to an educational program or upon receipt of information from the student that the student's location has changed.

(2) The institution must document and disclose under 34 CFR 668.43(b) the process for review and appropriate action on complaints from students concerning the institution established by each State in which the institution's enrolled students are located. If no such complaint process exists for a State in which one or more enrolled students are located, the institution shall refer students located in that State to the complaint process in the State in which the institution's main campus is located under paragraph (a)(1) of this section.

(d)² An additional location or branch campus of an institution that meets the requirements under paragraph (a)(1) of this section and that is located in a foreign country, i.e., not in a State, must comply with §§ 600.8, 600.10, 600.20, and 600.32, and the following requirements:

(1) For any additional location at which 50 percent or more of an educational program (as defined in § 600.2) is offered, or will be offered, or at a branch campus—

(i) The additional location or branch campus must be legally authorized by an appropriate government authority to operate in the country where the additional location or branch campus is physically located, unless the additional location or branch campus is physically located on a U.S. military base, facility, or area that the foreign country has granted the U.S. military to use and the institution can demonstrate that it is exempt from obtaining such authorization from the foreign country;

(ii) The institution must provide to the Secretary, upon request, documentation of such legal authorization to operate in the foreign country, demonstrating that the foreign governmental authority is aware that the additional location or branch campus provides postsecondary education and that the government authority does not object to those activities;

(iii) The additional location or branch campus must be approved by the institution's recognized accrediting agency in accordance with §§ 602.24(a) and 602.22(a)(2)(viii), as applicable;

(iv) The additional location or branch campus must meet any additional requirements for legal authorization in that foreign country as the foreign country may establish;

(v) The institution must report to the State in which the main campus of the institution is located at least annually, or more frequently if required by the State, the establishment or operation of each foreign additional location or branch campus; and

(vi) The institution must comply with any limitations the State places on the establishment or operation of the foreign additional location or branch campus.

² Section 600.9(d) was effective July 1, 2018. We propose to retain this language.

(2) An additional location at which less than 50 percent of an educational program (as defined in § 600.2) is offered or will be offered must meet the requirements for legal authorization in that foreign country as the foreign country may establish.

(3) In accordance with the requirements of 34 CFR 668.41, the institution must disclose to enrolled and prospective students at foreign additional locations and foreign branch campuses the information regarding the student complaint process described in 34 CFR 668.43(b), of the State in which the main campus of the institution is located.

(4) If the State in which the main campus of the institution is located limits the authorization of the institution to exclude the foreign additional location or branch campus, the foreign additional location or branch campus is not considered to be legally authorized by the State.

§600.10 Date, extent, duration, and consequence of eligibility³.

(a) *Date of eligibility.* (1) If the Secretary determines that an applicant institution satisfies all the statutory and regulatory eligibility requirements, the Secretary considers the institution to be an eligible institution as of the date—

(i) The Secretary signs the institution's program participation agreement described in 34 CFR part 668, subpart B, for purposes of participating in any title IV, HEA program; and

(ii) The Secretary receives all the information necessary to make that determination for purposes other than participating in any title IV, HEA program.

(2) [Reserved]

(b) *Extent of eligibility.* (1) If the Secretary determines that the entire applicant institution, including all its locations and all its educational programs, satisfies the applicable requirements of this part, the Secretary extends eligibility to all educational programs and locations identified on the institution's application for eligibility.

(2) If the Secretary determines that only certain educational programs or certain locations of an applicant institution satisfy the applicable requirements of this part, the Secretary extends eligibility only to those educational programs and locations that meet those requirements and identifies the eligible educational programs and locations in the eligibility notice sent to the institution under §600.21.

(3) Eligibility does not extend to any location that an institution establishes after it receives its eligibility designation if the institution provides at least 50 percent of an educational program at that location, unless—

(i) The Secretary approves that location under §600.20(e)(4); or

³ The Department proposed to amend 34 CFR 600.10(c)(1) and (2) in the Program Integrity: Gainful Employment NPRM. See 83 FR 40167 (August 14, 2018).

(ii) The location is licensed and accredited, the institution does not have to apply to the Secretary for approval of that location under §600.20(c), and the institution has reported to the Secretary that location under §600.21.

(c) *Educational programs.* (1) An eligible institution that seeks to establish the eligibility of an educational program must—

(i) For a gainful employment program under 34 CFR part 668, subpart Q of this chapter, update its application under §600.21, and meet any time restrictions that prohibit the institution from establishing or reestablishing the eligibility of the program as may be required under 34 CFR 668.414;

(ii) Pursuant to a requirement regarding additional programs included in the institution's program participation agreement under 34 CFR 668.14, obtain the Secretary's approval; and

(iii) For a first direct assessment program under 34 CFR 668.10, or for any direct assessment program offered at a greater level of offering than what the Secretary had previously approved, and for a comprehensive transition and postsecondary program under 34 CFR 668.232, obtain the Secretary's approval.

(2) Except as provided under §600.20(c), an eligible institution does not have to obtain the Secretary's approval to establish the eligibility of any program that is not described in paragraph (c)(1)(i), (ii), or (iii) of this section.

(3) An institution must repay to the Secretary all HEA program funds received by the institution for an educational program, and all the title IV, HEA program funds received by or on behalf of students who enrolled in that program if the institution—

(i) Fails to comply with the requirements in paragraph (c)(1) of this section; or

(ii) Incorrectly determines that an educational program that is not subject to approval under paragraph (c)(1) of this section is an eligible program for title IV, HEA program purposes.

(d) *Duration of eligibility.* (1) If an institution participates in the title IV, HEA programs, the Secretary's designation of the institution as an eligible institution under the title IV, HEA programs expires when the institution's program participation agreement, as described in 34 CFR part 668, subpart B, expires.

(2) If an institution participates in an HEA program other than a title IV, HEA program, the Secretary's designation of the institution as an eligible institution, for purposes of that non-title IV, HEA program, does not expire as long as the institution continues to satisfy the statutory and regulatory requirements governing its eligibility.

(e) *Consequence of eligibility.* (1) If, as a part of its institutional eligibility application, an institution indicates that it wishes to participate in a title IV, HEA program and the Secretary determines that the institution satisfies the applicable statutory and regulatory requirements governing institutional

eligibility, the Secretary will determine whether the institution satisfies the standards of administrative capability and financial responsibility contained in 34 CFR part 668, subpart B.

(2) If, as part of its institutional eligibility application, an institution indicates that it does not wish to participate in any title IV, HEA program and the Secretary determines that the institution satisfies the applicable statutory and regulatory requirements governing institutional eligibility, the institution is eligible to apply to participate in any HEA program listed by the Secretary in the eligibility notice it receives under §600.21. However, the institution is not eligible to participate in those programs, or receive funds under those programs, merely by virtue of its designation as an eligible institution under this part.

§600.11 Special rules regarding institutional accreditation or preaccreditation.

(a) *Change of accrediting agencies.* For purposes of §§600.4(a)(5)(i), 600.5(a)(6), and 600.6(a)(5)(i), the Secretary does not recognize the accreditation or preaccreditation of an otherwise eligible institution if that institution is in the process of changing its accrediting agency, unless the institution provides to the Secretary—

(1) All materials related to its prior accreditation or preaccreditation; and

(2) Materials demonstrating reasonable cause for changing its accrediting agency. The Secretary determines such cause to be reasonable unless the institution—

(i) Has had its accreditation withdrawn, revoked, or otherwise terminated for cause during the preceding 24 months, unless such withdrawal, revocation, or termination has been rescinded by the same accrediting agency; or

(ii) Has withdrawn from accreditation voluntarily under a show cause or suspension order during the preceding 24 months, unless such order has been rescinded by the same accrediting agency.

(iii) Notwithstanding paragraphs (i) and (ii), the Secretary may determine the institution's cause for changing its accrediting agency to be reasonable if the agency did not provide the institution its due process rights, the agency applied its standards and criteria differently to one institution over another, or if the adverse action or show cause or suspension order was the result of an agency's act of discrimination against an institution or program as a result of the institution's religious mission.

(b) *Multiple accreditation.* The Secretary does not recognize the accreditation or preaccreditation of an otherwise eligible institution if that institution is accredited or preaccredited as an institution by more than one accrediting agency, unless the institution—

(1) Provides to each such accrediting agency and the Secretary the reasons for that multiple accreditation or preaccreditation;

(2) Demonstrates to the Secretary reasonable cause for that multiple accreditation or preaccreditation. The Secretary determines the institution's cause for multiple accreditation to be reasonable unless the institution—

(i) Has had its accreditation withdrawn, revoked, or otherwise terminated for cause during the preceding 24 months, unless such withdrawal, revocation, or termination has been rescinded by the same accrediting agency; or

(ii) Has withdrawn from accreditation voluntarily under a show cause or suspension order during the preceding 24 months, unless such order has been rescinded by the same accrediting agency;

(iii) Notwithstanding paragraphs (i) and (ii), the Secretary may determine the institution's cause for seeking multiple accreditation or preaccreditation to be reasonable if the institution's primary interest in seeking multiple accreditation is based on that agency's geographic area, program-area focus, or mission; and

(3) Designates to the Secretary which agency's accreditation or preaccreditation the institution uses to establish its eligibility under this part.

(c) *Loss of accreditation or preaccreditation.* (1) An institution may not be considered eligible for 24 months after it has had its accreditation or preaccreditation withdrawn, revoked, or otherwise terminated for cause, unless the accrediting agency that took that action rescinds that action.

(2) An institution may not be considered eligible for 24 months after it has withdrawn voluntarily from its accreditation or preaccreditation status under a show-cause or suspension order issued by an accrediting agency, unless that agency rescinds its order.

(d) *Religious exception.* (1) If an otherwise eligible institution loses its accreditation or preaccreditation, the Secretary considers the institution to be accredited or preaccredited for purposes of complying with the provisions of §§600.4, 600.5, and 600.6 if the Secretary determines that its loss of accreditation or preaccreditation—

(i) Is related to the religious mission or affiliation of the institution; and

(ii) Is not related to its failure to satisfy the accrediting agency's standards. (2) If the Secretary considers an unaccredited institution to be accredited or preaccredited under the provisions of paragraph (d)(1) of this section, the Secretary will consider that unaccredited institution to be accredited

or preaccredited for a period sufficient to allow the institution to obtain alternative accreditation or preaccreditation, except that period may not exceed 18 months.

(i)(A) A list of all medical school educational sites and where they are located, including all sites at which its students receive clinical training, except those clinical training sites that are not used regularly, but instead are chosen by individual students who take no more than two electives at the location for no more than a total of eight weeks; and

(B) The type of clinical training (core, required clinical rotation, not required clinical rotation) offered at each site listed on the application in accordance with paragraph (a)(3)(i)(A) of this section; and

If the institution wishes to be certified to participate in the title IV, HEA programs, it must submit an application to the Secretary and must submit all the supporting documentation indicated on the application to enable the Secretary to determine that it satisfies the relevant certification requirements contained in subparts B and L of 34 CFR part 668.

(2)(i) A currently designated eligible institution that participates in the title IV, HEA programs must apply to the Secretary for a determination that the institution continues to meet the requirements in this part and in 34 CFR part 668 if the institution wishes to—

(A) Continue to participate in the title IV, HEA programs beyond the scheduled expiration of the institution's current eligibility and certification designation;

(B) Reestablish eligibility and certification as a private nonprofit, private for-profit, or public institution following a change in ownership that results in a change in control as described in §600.31; or

(ii) The Secretary shall ensure prompt action is taken by the Department on any application required under 600.20(a)(2)(i).

(i)(A) A list of all of the foreign graduate medical school's educational sites and where they are located, including all sites at which its students receive clinical training, except those clinical training sites that are not used regularly, but instead are chosen by individual students who take no more than two electives at the location for no more than a total of eight weeks; and

(C) Both; and

(iii) Copies of the formal affiliation agreements with hospitals or clinics providing all or a portion of a clinical training program required under §600.55(e)(1).

(c) *Application to expand eligibility.* A currently designated eligible institution that wishes to expand the scope of its eligibility and certification and disburse title IV, HEA Program funds to students enrolled in that expanded scope must apply to the Secretary and wait for approval to—

(1) Add an educational program or a location at which the institution offers or will offer 50 percent or more of an educational program if one of the following conditions applies, otherwise it must report to the Secretary under §600.21:

(i) The institution participates in the title IV, HEA programs under a provisional certification, as provided in 34 CFR 668.13.

(ii) The institution receives title IV, HEA program funds under the reimbursement or cash monitoring payment method, as provided in 34 CFR part 668, subpart K.

(iii) The institution acquires the assets of another institution that provided educational programs at that location during the preceding year and participated in the title IV, HEA programs during that year.

(iv) The institution would be subject to a loss of eligibility under 34 CFR 668.188 if it adds that location.

(v) The Secretary notifies, or has notified, the institution that it must apply for approval of an additional educational program or a location under §600.10(c).

(2) Increase its level of program offering (e.g., adding graduate degree programs when it previously offered only baccalaureate degree programs);

(3) Add an educational program if the institution is required to apply to the Secretary for approval under §600.10(c);

(4) Add a branch campus at a location that is not currently included in the institution's eligibility and certification designation;

(5) For a freestanding foreign graduate medical school, or a foreign institution that includes a foreign graduate medical school, add a location that offers all or a portion of the foreign graduate medical school's core clinical training or required clinical rotations, except for those locations that are

included in the accreditation of a medical program accredited by the Liaison Committee on Medical Education (LCME) or the American Osteopathic Association (AOA); or

(6) Convert an eligible location to a branch campus.

(d) *Notice and application.* (1) *Notice and application procedures.* (i) To satisfy the requirements of paragraphs (a), (b), and (c) of this section, an institution must notify the Secretary of its intent to offer an additional educational program, or provide an application to expand its eligibility, in a format prescribed by the Secretary and provide all the information and documentation requested by the Secretary to make a determination of its eligibility and certification.

(ii)(A) An institution that notifies the Secretary of its intent to offer an educational program under paragraph (c)(3) of this section must ensure that the Secretary receives the notice described in paragraph (d)(2) of this section at least 90 days before the first day of class of the educational program.

(B) If an institution does not provide timely notice in accordance with paragraph (d)(1)(ii)(A) of this section, the institution must obtain approval of the additional educational program from the Secretary for title IV, HEA program purposes.

(C) If an additional educational program is required to be approved by the Secretary for title IV, HEA program purposes under paragraph (d)(1)(ii)(B) of this section, the Secretary may grant approval, or request further information prior to making a determination of whether to approve or deny the additional educational program.

(D) When reviewing an application under paragraph (d)(1)(ii)(B) of this section, the Secretary will take into consideration the following:

(1) The institution's demonstrated financial responsibility and administrative capability in operating its existing programs.

(2) Whether the additional educational program is one of several new programs that will replace similar programs currently provided by the institution, as opposed to supplementing or expanding the current programs provided by the institution.

(3) Whether the number of additional educational programs being added is inconsistent with the institution's historic program offerings, growth, and operations.

(4) Whether the process and determination by the institution to offer an additional educational program that leads to gainful employment in a recognized occupation is sufficient.

(E)(1) If the Secretary denies an application from an institution to offer an additional educational program, the denial will be based on the factors described in paragraphs (d)(1)(ii)(E)(2), (3), and (4) of this section, and the Secretary will explain in the denial how the institution failed to demonstrate that the program is likely to lead to gainful employment in a recognized occupation.

(2) If the Secretary denies the institution's application to add an additional educational program, the Secretary will permit the institution to respond to the reasons for the denial and request reconsideration of the denial.

(2) *Notice format.* An institution that notifies the Secretary of its intent to offer an additional educational program under paragraph (c)(3) of this section must at a minimum—

(i) Describe in the notice how the institution determined the need for the program and how the program was designed to meet local market needs, or for an online program, regional or national market needs. This description must contain any wage analysis the institution may have performed, including any consideration of Bureau of Labor Statistics data related to the program;

(ii) Describe in the notice how the program was reviewed or approved by, or developed in conjunction with, business advisory committees, program integrity boards, public or private oversight or regulatory agencies, and businesses that would likely employ graduates of the program;

(iii) Submit documentation that the program has been approved by its accrediting agency or is otherwise included in the institution's accreditation by its accrediting agency, or comparable documentation if the institution is a public postsecondary vocational institution approved by a recognized State agency for the approval of public postsecondary vocational education in lieu of accreditation; and

(iv) Provide the date of the first day of class of the new program.

(e) *Secretary's response to applications.* (1) If the Secretary receives an application under paragraph (a) or (b)(1) of this section, the Secretary notifies the institution—

(i) Whether the applicant institution qualifies in whole or in part as an eligible institution under the appropriate provisions in §§600.4 through 600.7; and

(ii) Of the locations and educational programs that qualify as the eligible institution if only a portion of the applicant qualifies as an eligible institution;

(2) If the Secretary receives an application under paragraphs (a) or (b) of this section and that institution applies to participate in the title IV, HEA programs, the Secretary notifies the institution—

(i) Whether the institution is certified to participate in those programs;

(ii) Of the title IV, HEA programs in which it is eligible to participate;

(iii) Of the title IV, HEA programs in which it is eligible to apply for funds;

(iv) Of the effective date of its eligibility to participate in those programs; and

(v) Of the conditions under which it may participate in those programs;

(3) If the Secretary receives an application under paragraph (b)(2) of this section, the Secretary notifies the institution whether it continues to be certified, or whether it reestablished its eligibility and certification to participate in the title IV, HEA programs and the scope of such approval.

(4) If the Secretary receives an application under paragraph (c)(1) of this section for an additional location, the Secretary notifies the institution whether the location is eligible or ineligible to participate in the title IV, HEA programs, and the date of eligibility if the location is determined eligible;

(5) If the Secretary receives an application under paragraph (c)(2) of this section for an increase in the level of program offering, or for an additional educational program under paragraph (c)(3) of this section, the Secretary notifies the institution whether the program qualifies as an eligible program, and if the program qualifies, the date of eligibility; and

(6) If the Secretary receives an application under paragraphs (c)(4) or (c)(5) of this section to have a branch campus certified to participate in the title IV, HEA programs as a branch campus, the Secretary notifies the institution whether that branch campus is certified to participate and the date that the branch campus is eligible to begin participation.

Subpart C—Maintaining Eligibility

§600.30 [Reserved]

§600.31 Change in ownership resulting in a change in control for private nonprofit, private for-profit and public institutions.

(a)(1) Except as provided in paragraph (a)(2) of this section, a private nonprofit, private for-profit, or public institution that undergoes a change in ownership that results in a change in control ceases to qualify as an eligible institution upon the change in ownership and control. A change in ownership that results in a change in control includes any change by which a person who has or thereby acquires an ownership interest in the entity that owns the institution or the parent of that entity, acquires or loses the ability to control the institution.

(2) If a private nonprofit, private for-profit, or public institution has undergone a change in ownership that results in a change in control, the Secretary may, under the provisions of §600.20(g) and (h), continue the institution's participation in the title IV, HEA programs on a provisional basis, provided that the institution submits, under the provisions of §600.20(g), a materially complete application—

(i) No later than 10 business days after the change occurs; or

(ii) For an institution owned by a publicly-traded corporation, no later than 10 business days after the institution knew, or should have known of the change based upon SEC filings, that the change occurred.

(3) In order to reestablish eligibility and to resume participation in the title IV, HEA programs, the institution must demonstrate to the Secretary that after the change in ownership and control—

(i) The institution satisfies all the applicable requirements contained in §§600.4, 600.5, and 600.6, except that if the institution is a proprietary institution of higher education or postsecondary vocational institution, it need not have been in existence for two years before seeking eligibility; and

(ii) The institution qualifies to be certified to participate under 34 CFR part 668, subpart B.

(b) Definitions. The following definitions apply to terms used in this section:

Closely-held corporation. Closely-held corporation (including the term close corporation) means—

(1) A corporation that qualifies under the law of the State of its incorporation or organization as a closely-held corporation; or

(2) If the State of incorporation or organization has no definition of closely-held corporation, a corporation the stock of which—

(i) Is held by no more than 30 persons; and

(ii) Has not been and is not planned to be publicly offered.

Control. Control (including the terms controlling, controlled by and under common control with) means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract, or otherwise.

Ownership or ownership interest. (1) Ownership or ownership interest means a legal or beneficial interest in an institution or its corporate parent, or a right to share in the profits derived from the operation of an institution or its corporate parent.

(2) Ownership or ownership interest does not include an ownership interest held by—

(i) A mutual fund that is regularly and publicly traded;

(ii) A U.S. institutional investor, as defined in 17 CFR 240.15a-6(b)(7);

(iii) A profit-sharing plan of the institution or its corporate parent, provided that all full-time permanent employees of the institution or corporate parent are included in the plan; or

(iv) An Employee entity is the entity that controls the specified entity directly or indirectly through one or more intermediaries.

Person. Person includes a legal entity or a natural person.

Wholly-owned subsidiary. A wholly-owned subsidiary is one substantially all of whose outstanding voting securities are owned by its parent together with the parent's Stock Ownership Plan (ESOP).

Parent. The parent or parent

other wholly-owned subsidiaries.

(c) Standards for identifying changes of ownership and control—(1) Closely-held corporation. A change in ownership and control occurs when—

(i) A person acquires more than 50 percent of the total outstanding voting stock of the corporation;

(ii) A person who holds an ownership interest in the corporation acquires control of more than 50 percent of the outstanding voting stock of the corporation; or

(iii) A person who holds or controls 50 percent or more of the total outstanding stock of the corporation ceases to hold or control that proportion of the stock of the corporation.

(2) Publicly traded corporations required to be registered with the Securities and Exchange Commission (SEC). A change in ownership and control occurs when—

(i) A person acquires such ownership and control of the corporation so that the corporation is required to file a Form 8K with the SEC notifying that agency of the change in control; or

(ii) (A) A person who is a controlling shareholder of the corporation ceases to be a controlling shareholder. A controlling shareholder is a shareholder who holds or controls through agreement both 25 percent or more of the total outstanding voting stock of the corporation and more shares of voting stock than any other shareholder. A controlling shareholder for this purpose does not include a shareholder whose sole stock ownership is held as a U.S. institutional investor, as defined in 17 CFR 240.15a-6(b)(7), held in mutual funds, held through a profit-sharing plan, or held in an Employee Stock Ownership Plan (ESOP).

(B) When a change of ownership occurs as a result of paragraph (c)(2)(ii)(A) of this section, the institution may submit its most recent quarterly financial statement as filed with the SEC, along with copies of all other SEC filings made after the close of the fiscal year for which a compliance audit has been submitted to the Department of Education, instead of the “same day” balance sheet.

(C) If a publicly-traded institution is provisionally certified due to a change in ownership under paragraph (c)(2)(ii) of this section, and that institution experiences another change of ownership under paragraph (c)(2)(ii) of this section, an approval of the subsequent change in ownership does not extend

the original expiration date for the provisional certification provided that any current controlling shareholder was listed on the change of ownership application for which the original provisional approval was granted.

(3) *Other entities.* The term “other entities” includes limited liability companies, limited liability partnerships, limited partnerships, and similar types of legal entities. A change in ownership and control of an entity that is neither closely-held nor required to be registered with the SEC occurs when—

(i) A person who has or acquires an ownership interest acquires both control of at least 25 percent of the total outstanding voting stock of the corporation and control of the corporation; or

(ii) A person who holds both ownership or control of at least 25 percent of the total outstanding voting stock of the corporation and control of the corporation, ceases to own or control that proportion of the stock of the corporation, or to control the corporation.

(4) *General partnership or sole proprietorship.* A change in ownership and control occurs when a person who has or acquires an ownership interest acquires or loses control as described in this section.

(5) *Wholly-owned subsidiary.* An entity that is a wholly-owned subsidiary changes ownership and control when its parent entity changes ownership and control as described in this section.

(6) *Nonprofit institution.* A nonprofit institution changes ownership and control when a change takes place that is described in paragraph (d) of this section.

(7) *Public institution.* The Secretary does not consider that a public institution undergoes a change in ownership that results in a change of control if there is a change in governance and the institution after the change remains a public institution, provided—

(i) The new governing authority is in the same State as included in the institution's program participation agreement; and

(ii) The new governing authority has acknowledged the public institution's continued responsibilities under its program participation agreement.

(d) *Covered transactions.* For the purposes of this section, a change in ownership of an institution that results in a change of control may include, but is not limited to—

(1) The sale of the institution;

(2) The transfer of the controlling interest of stock of the institution or its parent corporation;

(3) The merger of two or more eligible institutions;

(4) The division of one institution into two or more institutions;

(5) The transfer of the liabilities of an institution to its parent corporation;

(6) A transfer of assets that comprise a substantial portion of the educational business of the institution, except where the transfer consists exclusively in the granting of a security interest in those assets; or

(7) A change in status as a for-profit, nonprofit, or public institution.

(e) *Excluded transactions.* A change in ownership and control reported under §600.21 and otherwise subject to this section does not include a transfer of ownership and control of all or part of an owner's equity or partnership interest in an institution, the institution's parent corporation, or other legal entity that has signed the institution's Program Participation Agreement—

(1) From an owner to a “family member” of that owner as defined in §600.21(f); or

(2) Upon the retirement or death of the owner, to a person with an ownership interest in the institution who has been involved in management of the institution for at least two years preceding the transfer and who has established and retained the ownership interest for at least two years prior to the transfer.

§600.32 Eligibility of additional locations.

(a) Except as provided in paragraphs (b), (c), and (d) of this section, to qualify as an eligible location, an additional location of an eligible institution must satisfy the applicable requirements of this section and §§600.4, 600.5, 600.6, 600.8, and 600.10.

(b) To qualify as an eligible location, an additional location is not required to satisfy the two-year requirement of §§600.5(a)(7) or 600.6(a)(6), unless—

(1) The location was a facility of another institution that has closed or ceased to provide educational programs for a reason other than a normal vacation period or a natural disaster that directly affects the institution or the institution's students;

(2) The applicant institution acquired, either directly from the institution that closed or ceased to provide educational programs, or through an intermediary, the assets at the location; and

(3) The institution from which the applicant institution acquired the assets of the location—

(i) Owes a liability for a violation of an HEA program requirement; and

(ii) Is not making payments in accordance with an agreement to repay that liability.

(c) Notwithstanding paragraph (b) of this section, an additional location is not required to satisfy the two-year requirement of §600.5(a)(7) or §600.6(a)(6) if the applicant institution and the original institution are not related parties and there is no commonality of ownership or management between the institutions, as described in 34 CFR 668.188(b) and 34 CFR 668.207(b) and the applicant institution agrees—

(1) To be liable for all improperly expended or unspent title IV, HEA program funds received during the current academic year and up to one academic year prior by the institution that has closed or ceased to provide educational programs;

(2) To be liable for all unpaid refunds owed to students who received title IV, HEA program funds during the current academic year and up to one academic year prior; and

(3) To abide by the policy of the institution that has closed or ceased to provide educational programs regarding refunds of institutional charges to students in effect before the date of the acquisition of the assets of the additional location for the students who were enrolled before that date.

(d)(1) An institution that conducts a teach-out at a site of a closed institution or an institution engaged in a formal teach-out plan approved by the institution's accreditor may apply to have that site approved as an additional location if—

(i) The closed institution ceased operations or the closing institution is engaged in an orderly teach-out plan and the Secretary has evaluated and approved that plan; and

(ii) The teach-out plan required under 34 CFR 668.14(b)(31) is approved by the closed or closing institution's accrediting agency.

(2)(i) An institution that conducts a teach-out and is approved to add an additional location described in paragraph (d)(1) of this section—

(A) Does not have to meet the two-year in existence requirement of §600.5(a)(7) or §600.6(a)(6) for the additional location described in paragraph (d)(1) of this section;

(B) Is not responsible for any liabilities of the closed or closing institution as provided under paragraph (c)(1) and (c)(2) of this section if the institutions are not related parties and there is no commonality of ownership or management between the institutions, as described in 34 CFR 668.188(b) and 34 CFR 668.207(b); and

(C) Will not have the default rate of the closed institution included in the calculation of its default rate, as would otherwise be required under 34 CFR 668.184 and 34 CFR 668.203, if the institutions are not related parties and there is no commonality of ownership or management between the institutions, as described in 34 CFR 668.188(b) and 34 CFR 668.207(b).

(ii) As a condition for approving an additional location under paragraph (d)(1) of this section, the Secretary may require that payments from the institution conducting the teach-out to the owners or related parties of the closed institution, are used to satisfy any liabilities owed by the closed institution.

(e) For purposes of this section, an “additional location” is a location of an institution that was not designated as an eligible location in the eligibility notification provided to an institution under §600.21.

Subpart D—Loss of Eligibility

§600.40 Loss of eligibility.

§600.41 Termination and emergency action proceedings.

(a) If the Secretary believes that a previously designated eligible institution as a whole, or at one or more of its locations, does not satisfy the statutory or regulatory requirements that define that institution as an eligible institution, the Secretary may—

(1) Terminate the institution's eligibility designation in whole or as to a particular location—

(i) Under the procedural provisions applicable to terminations contained in 34 CFR 668.81, 668.83, 668.86, 668.87, 668.88, 668.89, 668.90 (a)(1), (a)(4), and (c) through (f), and 668.91; or

(ii) Under a show-cause hearing, if the institution's loss of eligibility results from—

(A) Its previously qualifying as an eligible vocational school;

(B) Its loss of accreditation or preaccreditation;

(C) Its loss of legal authority to provide postsecondary education in the State in which it is physically located;

(D) Its violations of the provisions contained in §600.5(a)(8) or §600.7(a);

(E) Its permanently closing; or

(F) Its ceasing to provide educational programs for a reason other than a normal vacation period or a natural disaster that directly affects the institution, a particular location, or the students of the institution or location;

(2) Limit, under the provisions of 34 CFR 668.86, the authority of the institution to disburse, deliver, or cause the disbursement or delivery of funds under one or more title IV, HEA programs as otherwise provided under 34 CFR 668.26 for the benefit of students enrolled at the ineligible institution or location prior to the loss of eligibility of that institution or location; and

(3) Initiate an emergency action under the provisions contained in 34 CFR 668.83 with regard to the institution's participation in one or more title IV, HEA programs.

(b) If the Secretary believes that an educational program offered by an institution that was previously designated by the Secretary as an eligible institution under the HEA does not satisfy relevant statutory or regulatory requirements that define that educational program as part of an eligible institution, the Secretary may in accordance with the procedural provisions described in paragraph (a) of this section—

(1) Undertake to terminate that educational program's eligibility under one or more of the title IV, HEA programs under the procedural provisions applicable to terminations described in paragraph (a) of this section;

(2) Limit the institution's authority to deliver, disburse, or cause the delivery or disbursement of funds provided under that title IV, HEA program to students enrolled in that educational program, as otherwise provided in 34 CFR 668.26; and

(3) Initiate an emergency action under the provisions contained in 34 CFR 668.83 with regard to the institution's participation in one or more title IV, HEA programs with respect to students enrolled in that educational program. (c)(1) An action to terminate and limit the eligibility of an institution as a whole or as to any of its locations or educational programs is initiated in accordance with 34 CFR 668.86(b) and becomes final 20 days after the Secretary notifies the institution of the proposed action, unless the designated department official receives by that date a request for a hearing or written material that demonstrates that the termination and limitation should not take place.

(2) Once a termination under this section becomes final, the termination is effective with respect to any commitment, delivery, or disbursement of funds provided under an applicable title IV, HEA program by the institution—

(i) Made to students enrolled in the ineligible institution, location, or educational program; and

(ii) Made on or after the date of the act or omission that caused the loss of eligibility as to the institution, location, or educational program.

(3) Once a limitation under this section becomes final, the limitation is effective with regard to any commitment, delivery, or disbursement of funds under the applicable title IV, HEA program by the institution—

(i) Made after the date on which the limitation became final; and

(ii) Made to students enrolled in the ineligible institution, location, or educational program.

(d) After a termination under this section of the eligibility of an institution as a whole or as to a location or educational program becomes final, the institution may not originate applications for, make awards of or commitments for, deliver, or disburse funds under the applicable title IV, HEA program, except—

(1) In accordance with the requirements of 34 CFR 668.26(c) with respect to students enrolled in the ineligible institution, location, or educational program; and

(2) After satisfaction of any additional requirements, imposed pursuant to a limitation under paragraph (a)(2) of this section, which may include the following:

(i) Completion of the actions required by 34 CFR 668.26(a) and (b).

(ii) Demonstration that the institution has made satisfactory arrangements for the completion of actions required by 34 CFR 668.26(a) and (b).

(iii) Securing the confirmation of a third party selected by the Secretary that the proposed disbursements or delivery of title IV, HEA program funds meet the requirements of the applicable program.

(iv) Using institutional funds to make disbursements permitted under this paragraph and seeking reimbursement from the Secretary for those disbursements.

(e) If the Secretary undertakes to terminate the eligibility of an institution, location, or program under paragraphs (a) and (b) of this section:

(1) If the basis for the loss of eligibility is the loss of accreditation or preaccreditation, the sole issue is whether the institution, location, or program has the requisite accreditation or preaccreditation. The presiding official has no authority to consider challenges to the action of the accrediting agency.

(2) If the basis for the loss of eligibility is the loss of legal authorization, the sole issue is whether the institution, location, or program has the requisite legal authorization. The presiding official has no authority to consider challenges to the action of a State agency in removing the legal authorization.

(3) If the basis for the loss of eligibility of a foreign graduate medical school is one or more annual pass rates on the U.S. Medical Licensing Examination below the threshold required in §600.55(f)(1)(ii), the sole issue is whether one or more of the foreign medical school's pass rate or rates for the preceding

calendar year fell below that threshold. For a foreign graduate medical school that opted to have the Educational Commission for Foreign Medical Graduates (ECFMG) calculate and provide the pass rates directly to the Secretary for the preceding calendar year as permitted under §600.55(d)(2) in lieu of the foreign graduate medical school providing pass rate data to the Secretary under §600.55(d)(1)(iii), the ECFMG's calculations of the school's rates are conclusive; and the presiding official has no authority to consider challenges to the computation of the rate or rates by the ECFMG.

Subpart E—Eligibility of Foreign Institutions To Apply To Participate in the Federal Family Education Loan (FFEL) Programs

SOURCE: 59 FR 22063, Apr. 28, 1994, unless otherwise noted.

§600.51 Purpose and scope.

§600.52 Definitions.

The following definitions apply to this subpart E:

Associate degree school of nursing: A school that provides primarily or exclusively a two-year program of postsecondary education in professional nursing leading to a degree equivalent to an associate degree in the United States.

Clinical training: The portion of a graduate medical education program that counts as a clinical clerkship for purposes of medical licensure comprising core, required clinical rotation, and not required clinical rotation.

Collegiate school of nursing: A school that provides primarily or exclusively a minimum of a two-year program of postsecondary education in professional nursing leading to a degree equivalent to a bachelor of arts, bachelor of science, or bachelor of nursing in the United States, or to a degree equivalent to a graduate degree in nursing in the United States, and including advanced training related to the program of education provided by the school.

Diploma school of nursing: A school affiliated with a hospital or university, or an independent school, which provides primarily or exclusively a two-year program of postsecondary education in professional nursing leading to the equivalent of a diploma in the United States or to equivalent indicia that the program has been satisfactorily completed.

Foreign graduate medical school: A foreign institution (or, for a foreign institution that is a university, a component of that foreign institution) having as its sole mission providing an educational program that leads to a degree of medical doctor, doctor of osteopathic medicine, or the equivalent. A

reference in these regulations to a foreign graduate medical school as “freestanding” pertains solely to those schools that qualify by themselves as foreign institutions and not to schools that are components of universities that qualify as foreign institutions.

Foreign institution:

(1) For the purposes of students who receive title IV aid, an institution that—

(i) Is not located in a State;

(ii) Except as provided with respect to clinical training offered under §600.55(h)(1), §600.56(b), or §600.57(a)(2)—

(A) Has no U.S. location;

(B) Has no written arrangements, within the meaning of §668.5, with institutions or organizations located in the United States to provide a portion of the program to students, except for written arrangements for no more than 25 percent of the courses required by the program to be provided by Title IV participating institutions located in the United States;

(C) Does not permit students to complete the program by enrolling in courses offered in the United States, or in another country, except that it may permit students to complete up to 25 percent of the program by enrolling in coursework, research, work, internship, externship, or special studies offered by the foreign institution or a Title IV-eligible institution in the United States.

(iii) Is legally authorized by the education ministry, council, or equivalent agency of the country in which the institution is located to provide an educational program beyond the secondary education level; and

(iv) Awards degrees, certificates, or other recognized educational credentials in accordance with §600.54(e) that are officially recognized by the country in which the institution is located; or

(2) Notwithstanding paragraph (1)(ii)(C) of this definition, independent research done by an individual student in the United States for not more than one academic year is permitted, if it is conducted during the dissertation phase of a doctoral program under the guidance of faculty, and the research can only be performed in a facility in the United States.

(3) If the educational enterprise enrolls students both within a State and outside a State, and the number of students who would be eligible to receive title IV, HEA program funds attending locations outside a State is at least twice the number of students enrolled within a State, the locations outside a State must apply to participate as one or more foreign institutions and must meet all requirements of paragraph (1) of this definition, and the other requirements of this part. For the purposes of this paragraph, an educational enterprise consists of two or more locations offering all or part of an educational program that are directly or indirectly under common ownership.

Foreign nursing school: A foreign institution (or, for a foreign institution that is a university, a component of that foreign institution) that is an associate degree school of nursing, a collegiate school of nursing, or a diploma school of nursing. A reference in these regulations to a foreign nursing school as “freestanding” pertains solely to those schools that qualify by themselves as foreign institutions and not to schools that are components of universities that qualify as foreign institutions.

Foreign veterinary school: A foreign institution (or, for a foreign institution that is a university, a component of that foreign institution) having as its sole mission providing an educational program that leads to the degree of doctor of veterinary medicine, or the equivalent. A reference in these regulations to a foreign veterinary school as “freestanding” pertains solely to those schools that qualify by themselves as foreign institutions and not to schools that are components of universities that qualify as foreign institutions.

National Committee on Foreign Medical Education and Accreditation (NCFMEA): The operational committee of medical experts established by the Secretary to determine whether the medical school accrediting standards used in other countries are comparable to those applied to medical schools in the United States, for purposes of evaluating the eligibility of accredited foreign graduate medical schools to participate in the title IV, HEA programs.

Passing score: The minimum passing score as defined by the Educational Commission for Foreign Medical Graduates (ECFMG), or on the National Council Licensure Examination for Registered Nurses (NCLEX-RN), as applicable.

Post-baccalaureate/equivalent medical program: A program offered by a foreign graduate medical school that requires, as a condition of admission, that its students have already completed their non-medical undergraduate studies and that consists solely of courses and training leading to employment as a doctor of medicine or doctor of osteopathic medicine.

Secondary school: A school that provides secondary education as determined under the laws of the country in which the school is located.
