Upcoming COVID-19 Vaccine Clinics

New Bedford, Massachusetts – Free, walk-up COVID-19 clinics in New Bedford offer CDC-approved booster shots, in addition to first- and second-dose vaccines and, at most locations, pediatric vaccines and boosters for teens 12-17. Please bring your vaccination card when getting a booster.

Youth Promotion: From Feb. 12-26, youth under 20 who receive a vaccine and show ID will have the opportunity to receive a \$50 McCoy program voucher. Youth under 17 will be eligible for a YMCA year's membership and program vouchers for YMCA programming. Supplies are limited and will be distributed on a first come, first served basis. Once eligible, youth can pick up vouchers at local vaccine clinics – at PAACA and Andrea McCoy Rec Center – on Feb. 18, 19, 25 and 26.

Visit vaxnb.com for updated schedules of local COVID-19 vaccination and testing locations. Upcoming vaccine locations in New Bedford include:

Reminder on the importance of vaccinations, especially during winter months:

Vaccination levels in the region remain low, and daily case rates remain high. Getting vaccinated for COVID-19 is not only about protecting yourself – it's also about protecting your family, friends, and community. Vaccination is critically important during the winter months, when indoor gatherings can lead to super-spreader events, clusters, hospitalizations, and severe illness among people who are unvaccinated.

State Resources for Vaccine Records, Locations

The Massachusetts Department of Public Health has free online services to find your personal vaccine records and local vaccination locations, including many pharmacies. Access your vaccine records at <https://myvaxrecords.mass.gov/>, and find local listings at <https://vaxfinder.mass.gov/>.
