

Sherwood Oaks Christian Church

Production Intern

What we offer:

We offer the opportunity to gain experience in large audio, video and lighting systems in a safe and encouraging environment. Learn the details of all the systems and how they work together or just a better understanding and respect of each.

Our systems and environments range from 150 to 1,400 person rooms. Our main services are streamed live through a team you would serve with and learn any or all positions.

Position Objective:

The Production Intern will work under the direction of the **Live Production Director** with the Production Team to gain experience in programming and maintaining audio, video, lighting and scenic designs for the multiple environments and campuses of Sherwood Oaks.

Personal Qualifications:

- A personal relationship with Jesus
- Ability to be a team player
- Ability to work within deadlines
- Ability to perform well under pressure
- Experience in one of three systems: audio, video or lighting
- Some form of media/production experience preferred

Work Schedule

- 20+ hours per week
 - Between 9am to 5pm
 - Evenings on Thursdays preferred
 - Will work with availability
