Communion:

We consider Communion to be an important part of our faith experience every Sunday. Please take the juice and bread when passed and hold for personal reflection.

Offering:

We love making an impact within our own community and in the world and we cannot do that without the generous gifts of tithes and offerings from the people that call Sherwood Oaks home.

Breakfast

We offer a light breakfast every Sunday morning before the 9:30am and 11am service. Every fifth Sunday in a month, we offer Biscuits and Gravy between services. Bring your family and invite some friends and come and join us for a wonderful time of Fellowship!

Life Groups

Life Groups are a small group of folks (typically 8 to 14 people) sharing life, caring for, growing, serving and studying God's word together. Interested in learning more? Contact Nancy at nbarrow@socc.org or Bill at wlpromise@aol.com

Upcoming Sermon Series - Summer 2019

Relevant Faith | A Study through James | May 5-July 7

The book of James is one of the most practical books in the New Testament. For the Christian, it instructs us how to live our faith out in everyday life. Some even refer to it as the Proverbs of the New Testament because it's full of wisdom and instruction. For the non-Christian, the book of James paints a picture of what life in Christ should look like, even if the Church doesn't always get it right.

As one of the first pastors in the Christian faith, James deals with issues believers face with an incredible amount of grace and truth. In this book, we not only find truth, but the wisdom to live that truth out in our lives.

Move | Find Your Sacred Pathway | July 14-August 18

We will spend the last half of the summer exploring different ways that we can interact with God to grow deeper in our understanding and personal faith experience. The traditional pathways of Bible study, prayer and corporate worship are not the only preferred pathways for everyone. Through this series, other 'sacred pathways' will be explored to encourage each believer to find and regularly practice his/her most fruitful pathway to MOVE forward spiritually. It can be presented as a helpful asset in the discipleship process.

Based on the book Sacred Pathways by Gary Thomas.
