## Food, Glorious Food

With Susan Lawrence-trained restaurateur Keelin Maniscalco now at the helm of the long-awaited Playhouse Café, locals can rejoice about their new daytime option for fine food and drink. While the bar has been rocking in the evenings for some time, daylight hours now bring made-to-order soups, salads, and sandwiches to the menu. Fresh-thrown homemade pizzas and slow-cooked chicken quesadillas kick off the expanded menu. A full coffee bar accompanies breakfast treats in the morning along with fruit smoothies all day and cocktails into the night. Free WiFi, too. [bedford-playhouse.org](http://bedford-playhouse.org)
