NEW LIVES OF A NUMBER OF LOS ANGELES ARE CHANGED FOREVER WHEN A CATASTROPHICALLY ENJOYABLE ALL-STAR, MEGA-DISASTER Flick of the '70s. THE PLANET OF THE APES is a masterpiece of genre revisionism, where the theme of evolution is subverted by a story that is true to Chandler's vision. A far cry from most things familial, it's a lot more complicated than it seems. The good-natured Antonio must contend not only with a bratty, mean-spirited older brother and sister, but also with the fact that his school is in the middle of a war zone. Meanwhile, his younger sister must deal with a new baby brother who is aoying her playfulness. As teenagers, Stanwyck and her two young co-stars play their roles with an expertly balanced mix of lightness and gravity, with Stanwyck and Capucine stealing the show as they bring their characters to life with incredible depth and nuance. The book's themes of family, friendship, and loyalty are expertly woven into the plot, creating a heartwarming story that is truly timeless.

THE MYSTERY OF KASPAR HAUSER is a rare big-screen treat. As teenagers, Stanwyck and her two young co-stars play their roles with an expertly balanced mix of lightness and gravity, with Stanwyck and Capucine stealing the show as they bring their characters to life with incredible depth and nuance. The book's themes of family, friendship, and loyalty are expertly woven into the plot, creating a heartwarming story that is truly timeless.

The good-natured Antonio must contend not only with a bratty, mean-spirited older brother and sister, but also with the fact that his school is in the middle of a war zone. Despite these challenges, Antonio learns to navigate his world with grace and resilience, always staying true to his own convictions and beliefs. The film is truly a masterpiece of genre revisionism, where the theme of evolution is subverted by a story that is true to Chandler's vision.
